PLATE 1.

#### PLATE 1.

Chart of the Pacific Ocean, showing the track of the United States Fish Commission Steamer "Albatross" during her expedition to the Tropical Pacific from August, 1899 to March, 1900.

Plate 2.

#### Plate 2.

#### MARQUESAS.

- Cliffs to the west of the entrance to Tai-o-haé Bay (Anna Maria Bay).
   W. McM. Woodworth, Phot.
- 2. Eroded volcanic rocks near Taï-o-haé Bay.

HELIOTYPE CO., BOBTON.

PLATE 3.

PLATE 3.

MARQUESAS.

Head of Tai-o-haé Bay. H. C. Fassett, Phot.

PLATE 4.

#### PLATE 4.

#### RANGIROA.

1. Avatoru Pass seen from the sea, Brander Island on one side of pass.

Max. Agassiz, Phot.

2. Shingle and sand beach on the east side of Avatoru Pass. W. McM. W., Phot.

PLATE 5.

#### PLATE 5.

Shingle beach on the west side of Ayatoru Pass, Rangiroa. M. A., Phot.

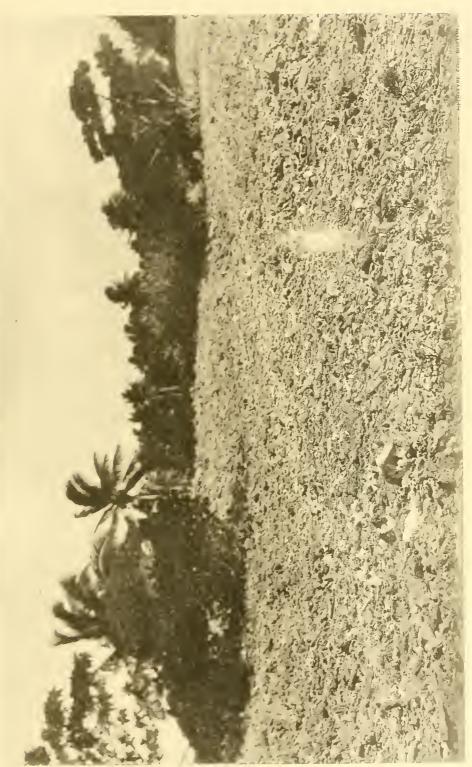

PLATE 6.

#### PLATE 6.

#### RANGIROA.

- 1. Lagoon shore, east side of Avatorn Pass.
- 2. Beach of lagoon east of Atimaro village, opposite the anchorage.

1, 2, M. A., Phot.

PLATE 7.

#### · PLATE 7.

#### RANGIROA.

- 1. Mohican Island and spit connecting it with Brander Island. M. A., Phot.
- 2. Western spit of Mohican Island reaching into the lagoon, seen looking towards Avaforu Pass, Brander Island on the left.—H. C. f., Phot.

"Albatross" Tropical Pacific Expedition.

Plate 8.

# PLATE 8.

- 1. First gap west from Tiputa, looking west, sea face of the land rim.
- 2. Sea face of same, looking south, to show old ledge and channel of gap. 1, 2, M. A., Phot.

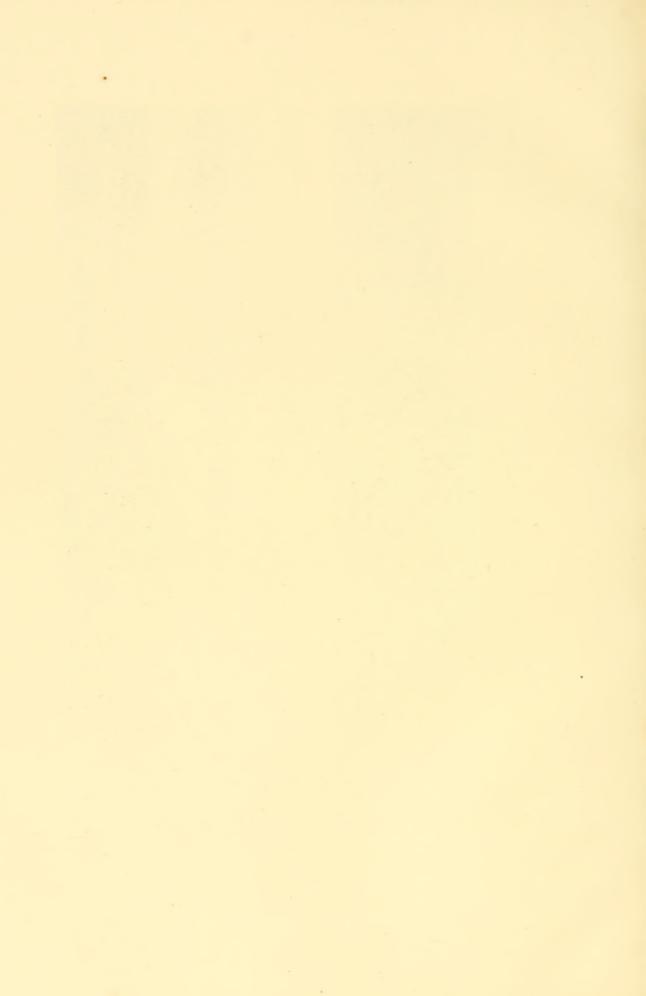

PLATE 9.

4

## PLATE 9.

#### RANGIROA.

1. First gap east from Tiputa, looking towards the sea face from the lagoon.

W. McM. W., Phot

2. Lagoon side of the first gap east from Tiputa. M. A., Phot.

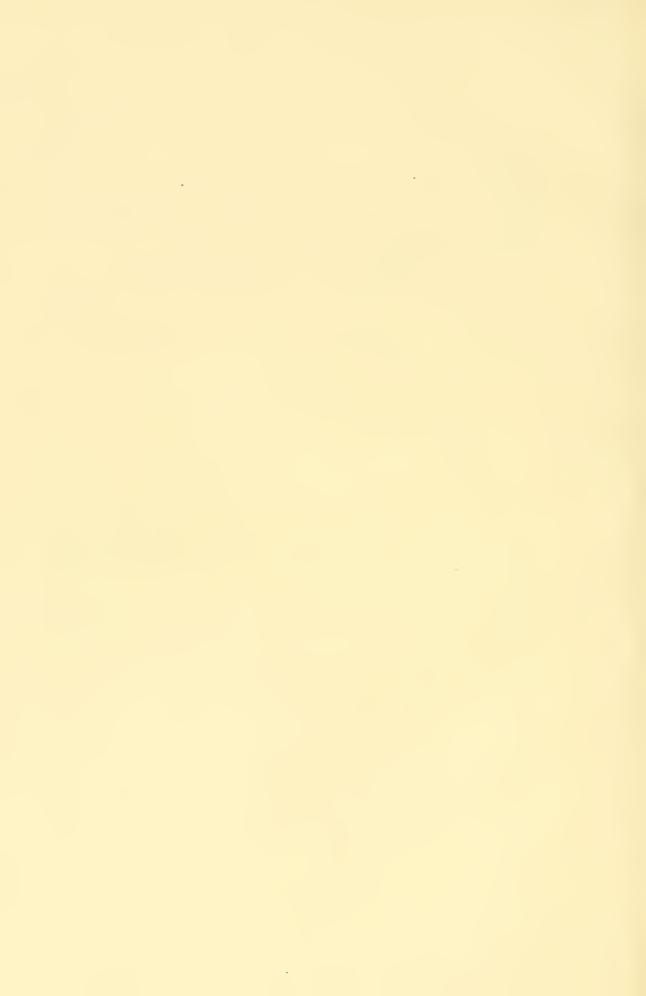

Plate **10**.

## PLATE **10.**

- 1. Lagoon side of the second gap west of Tiputa.
- 2. Looking seaward across the second gap west of Tiputa.  $1,\,2,\,W,\,\,\mathrm{McM},\,\,W.,\,\,\mathrm{Phot}.$

PLATE 11.

## PLATE 11.

### RANGIROA.

- 1. Coral boulder at the base of the sand beach on the edge of the third gap west of Tiputa Pass.
- 2. Sea face of the third gap west of Tiputa.

1, 2, M. A., Phot.

PLATE **12**.

.

## PLATE **12**.

### RANGIROA.

- 1. Looking into the lagoon from the west side of Avatoru Pass. M. A., Phot.
- 2. Sand beach and boulder flat on the sea face of the third gap west of Tiputa.

W. McM. W., Phot.

HELIOTYPE CO., BOSTON.

PLATE **13**.

## PLATE **13**.

- 1. West shore of Rangiroa north of Funuarua Island seen from the sea.
- 2. Looking towards the lagoon across the third gap west of Tiputa. 1, 2, M. A., Phot.

PLATE **14.** 

### PLATE **14**.

- 1. Islets and wall of old ledge on the south side of the western land rim.
- 2. Islets and wall of old ledge on the south side of the western land rim.
- 3. Is lets and wall of old ledge on the south side of the western land rim. 1–3, W. Me M. W., Phot.

PLATE **15**.

### PLATE 15.

#### RANGIROA.

1. South side of atoll, old ledge wall seen from the lagoon looking west.

W. McM. W., Phot.

2. South side of atoll, looking along the base of the old ledge sea wall from the reef flat platform. M. A., Phot.

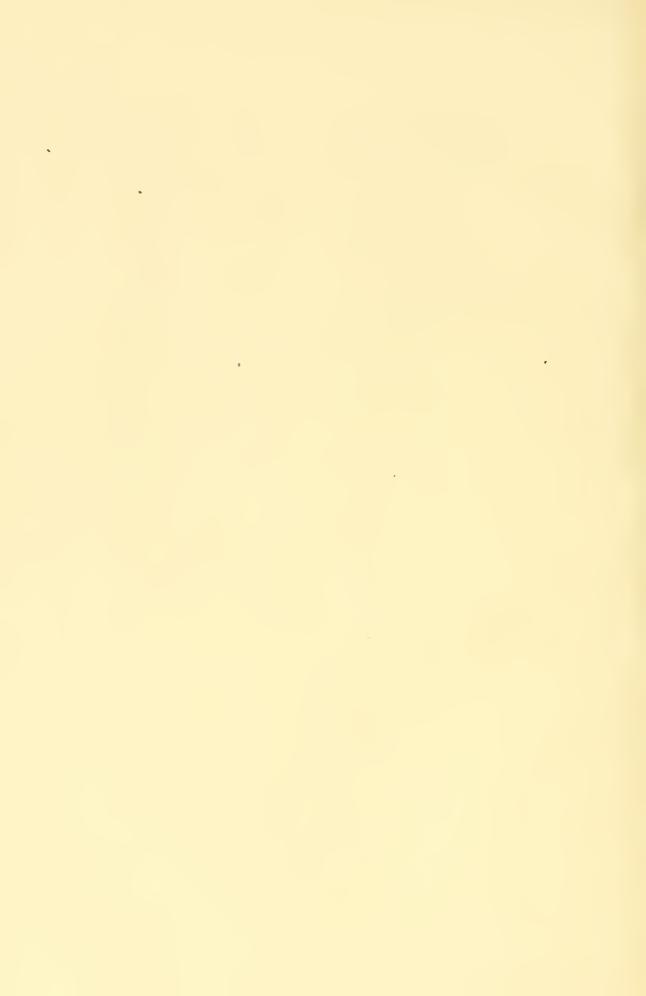

PLATE **16**.

#### PLATE **16**.

- 1. Lagoon beach, south side of atoll. W. McM. W., Phot.
- 2. Gap in land rim, south side of atoll, seen from the lagoon side looking towards old ledge sea wall, outliers of sea wall protruding in the gap. M. A., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **17**.

## Plate **17**.

## RANGIROA.

- 1. Reef flat platform, sea face of south side of atoll, looking seaward.
- 2. Sea face of south side of atoll, looking along the base of the old ledge sea wall. 1, 2, W. McM. W., Phot.

PLATE 18.

#### Plate **18**.

## RANGIROA.

- 1. South side of atoll, looking along the base of the old ledge sea wall. M. A., Phot.
- 2. Large blocks of Astrean and Porites in situ on small islet in middle of lagoon, south of Mohican Island. W. McM. W., Phot.

2

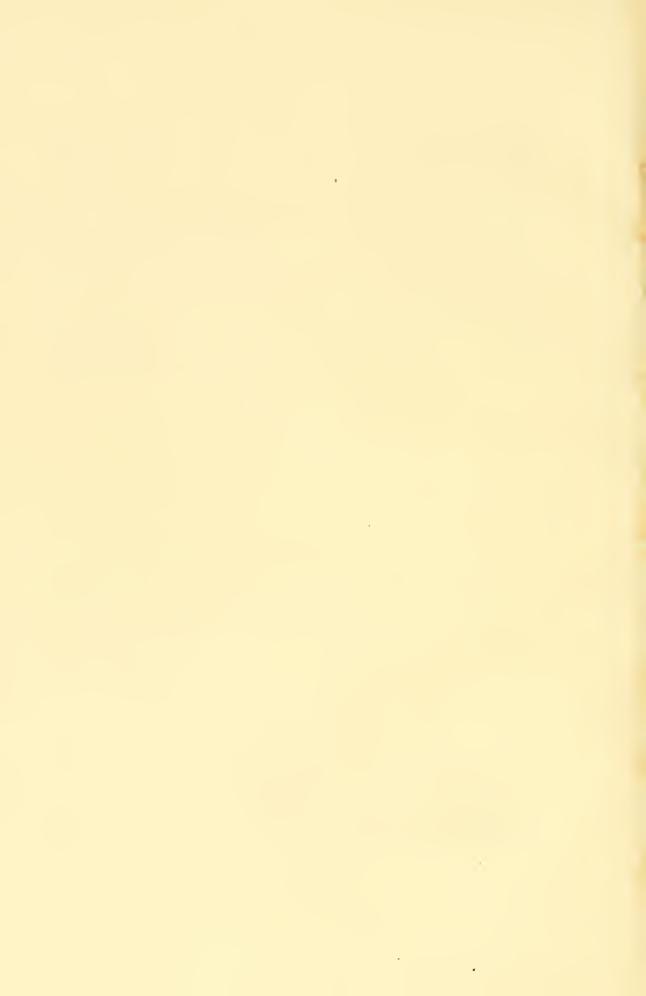

PLATE 19.

# PLATE **19**.

#### RANGIROA.

- 1. Old ledge on the shore of small islet in middle of lagoon.
- 2. Beach rock and recent coral boulders thrown up on the east shore of the same islet. 1, 2, W. McM. W., Phot.

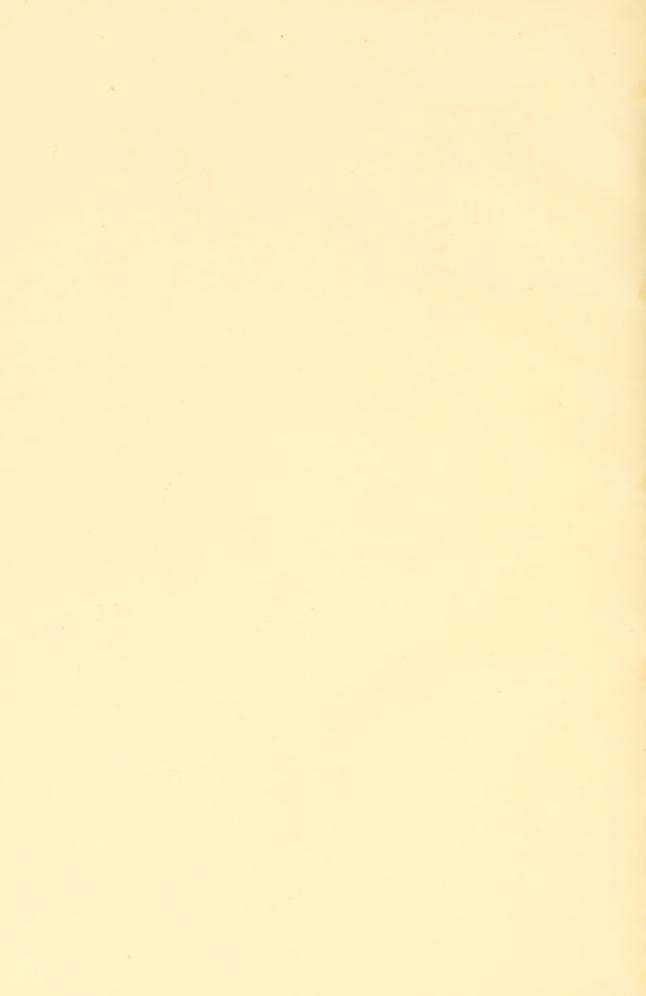

PLATE 20.

#### PLATE **20**.

- 1. Entrance to Matahiva on northeast extremity of the atoll.
- 2. West shore of Tikahau, looking southeast.
- 3. Land rim and gap on the southwest shore of Tikahau.
- 4. Wide reef flat platform, southwest shore of Tikahau, looking southeast. 1–4, W. McM. W., Phot.

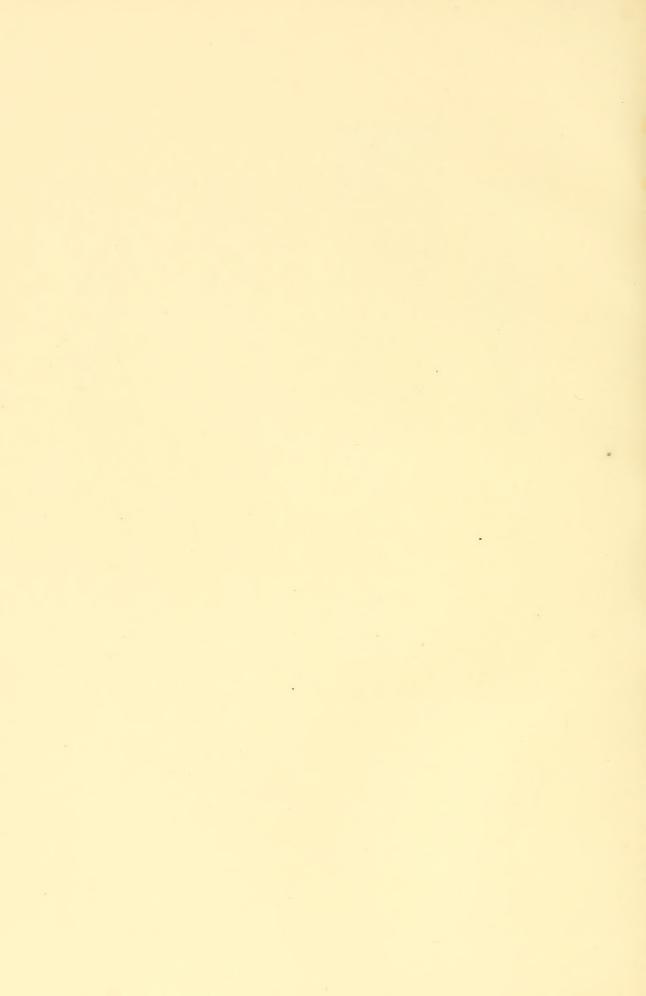

PLATE **21**.

#### PLATE **21**.

#### MAKATEA.

- 1. Central part of west shore of the island. Cañon leading to the sink on the summit of the island is behind the village.
- 2. Lowest part of the west side of the island.
- 3. Northern point, seen from the west side.

1-3, W. McM. W., Phot.

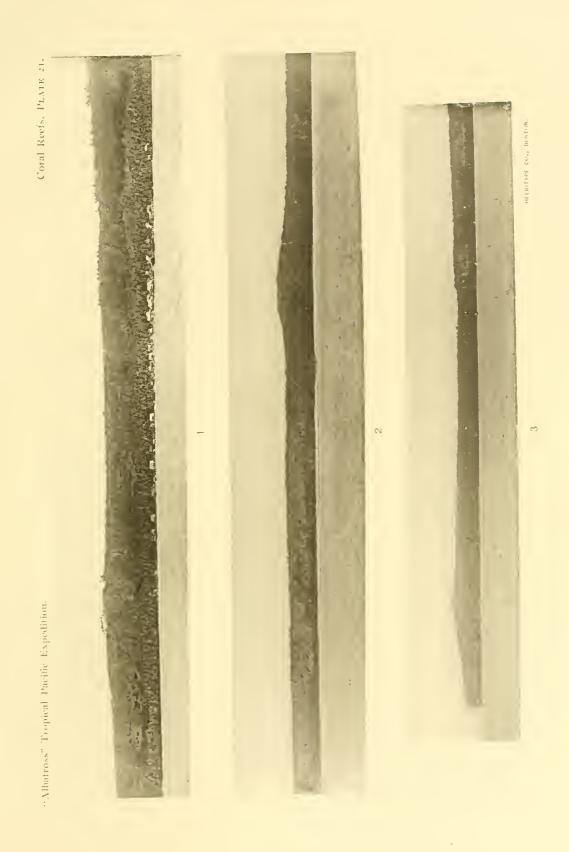

PLATE 22.

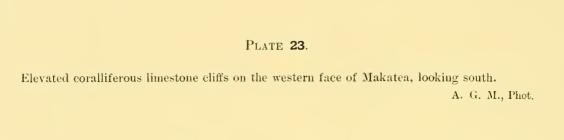

## PLATE 22.

## MAKATEA.

- 1. Highest point of the island, seen from the west.
- 2. Northern point of the island, looking southeast; elevated coralliferous limestone. 1, 2, A. G. Mayer, Phot.

PLATE **23**.

HELIOTYPE CO., BOSTON.

PLATE **24**.

# PLATE **24.**

Cliffs on the western face of Makatea, looking north over the narrow reef flat platform.

A. G. M., Phot.

PLATE 25.

## PLATE **25**.

Cliffs on the northern point of Makatea, looking over the reef flat platform.

W. McM. W., Phot.

HELIOTYPE CO., BOSTON.

PLATE **26**.

### PLATE 26.

#### MAKATEA.

- 1. North point of the island, looking eastward.
- 2. West face of the island, showing the coral sand beach and the reef flat platform, looking south.

1, 2, W. McM. W., Phot.

### PLATE **27.**

Elevated coralliferous limestone eliffs on the east face of Makatea, south of the village, showing the undereutting at the base, the lines of eaverns, and the stalactites along the face of the eliffs and over the openings of the eaverns. W. McM. W., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE 28.

# PLATE 28.

#### MAKATEA.

1. Cliffs on the east face of the island. The first terraces are sloughed off; long coral sand beach at the base of the cliffs, near the southern end of the island.

W. McM. W., Phot.

2. Cliffs on the east face of the island, with a short coral sand beach at the base; the lower terraces are beginning to slough off near the southern extremity of the island.

A. G. M., Phot.

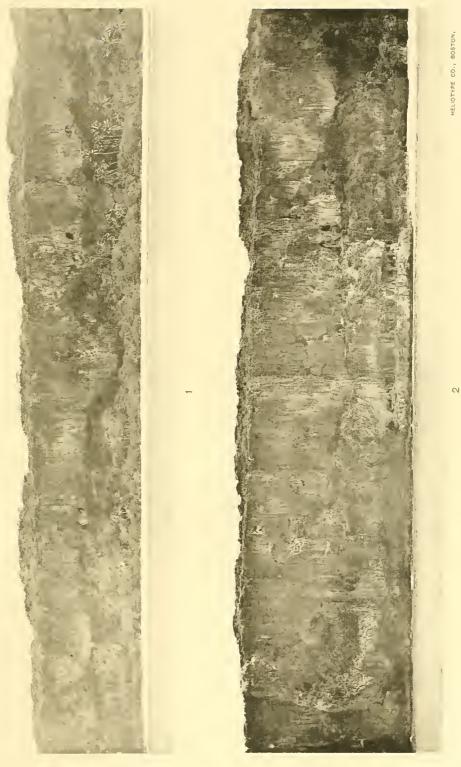

PLATE **29**.

### PLATE 29.

#### MAKATEA.

- 1. Showing the terraces on the south face of the island, with horses of elevated reef rock of the first terrace, separated by short coral sand beaches.
- 2. Terraces of the east face of the island, near the southern extremity, with beaches and horses of the old ledge.
- 3. Terraces of the east face of the island, with beaches and horses, near the southern end of the island.

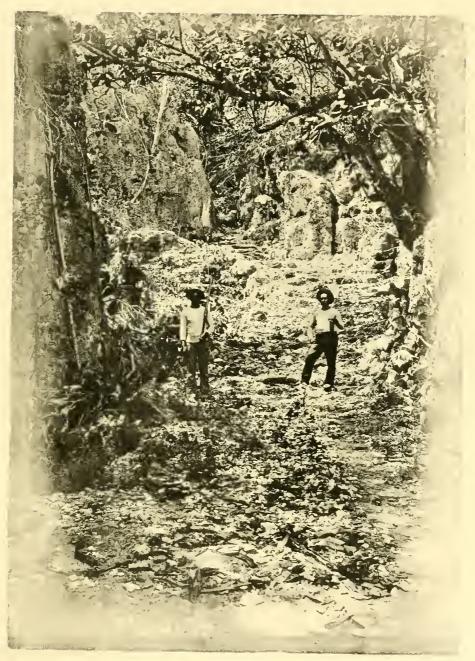

1-3, A. G. M., Phot.

PLATE **30**.

# PLATE **30**.

Cañon leading up the cliffs of the west face of Makatea to the path winding across the summit sink to the east face of the island. C. H. Townsend, Phot.

HELIOTYPE CO., BOSTON

Plate **31**.

# PLATE **31**.

### MAKATEA.

- I. Cañon through the summit of the cliffs on the west side, opening on the path leading to the east side of the island.
- 2. Spires and pinnacles of old ledge along the path leading across the central plateau of the island.

1, 2, C. H. T., Phot.

"Albatross" Tropical Pacific Expedition.

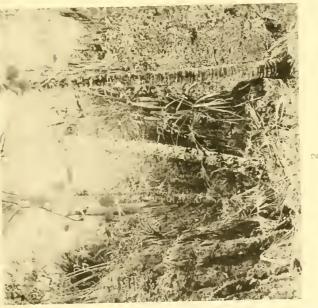

PLATE **32.** 

# PLATE **32**.

### MAKATEA.

- 1. Old ledge pinnacles in the central part of the sink of the island.
- 2. Old ledge pinnacles in the central part of the sink of the island. 1, 2, C. H. T., Phot.

PLATE **33**.

### PLATE **33**.

Reef flat platform, on the west shore of Niau, with undercut ledges and horses of elevated coralliferous limestone. A. G. M., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **34**.

### Plate **34**.

### NLAU.

- 1. Outcrop of old ledge in the central part of the land rim of the island.
- 2. Outcrops of old ledge on the reef flat platform of the west face of the island.
- 3. Low undercut elevated coralliferous limestone bluffs on the south shore of the island. 1-3, W. McM. W., Phot.

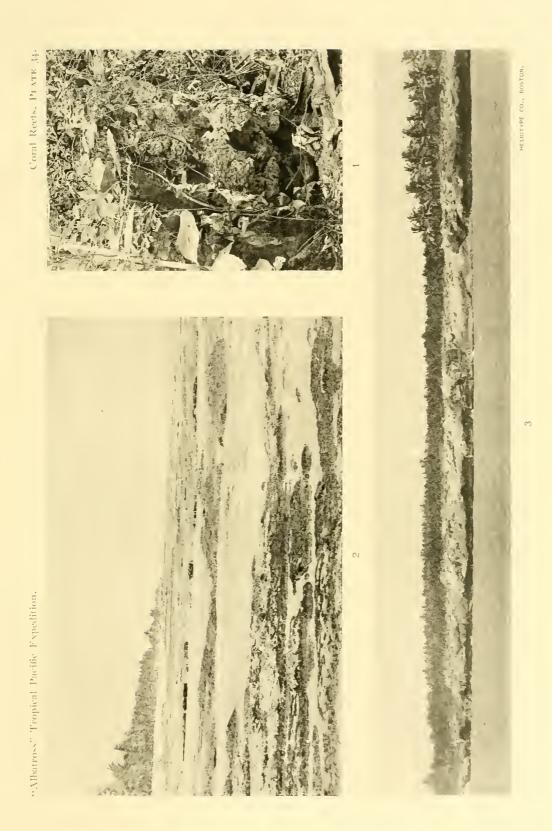

PLATE **35**.

# Plate **35**.

### NIAU.

- 1. Onterop of old ledge near the lagoon, west face of the island.
- 2. Outcrop of old ledge near the lagoon, west face of the island. 1, 2, A. G. M., Phot.

PLATE **36**.

### PLATE 36.

Lagoon shore, west face of Niau; the old ledge crops out on the right. A. G. M., Phot.

PLATE **37**.

### PLATE **37**.

#### APATAKI.

- 1. Southwest shore of atoll, seen from the sea, showing the low land rim, with its islands and islets and submerged flats.
- 2. Land rim with partly submerged flats.
- 3. Looking northwest, on lagoon side of land rim east of Pakaka Pass.

1-3, A. G. M., Phot.

PLATE 38.

### Plate **38**.

#### APATAKI.

- 1. Pakaka Pass, seen from the sea, looking into the lagoon.
- 2. Gap across the land rim to the east of Pakaka Pass.
- 3. Looking out to sea, across Pakaka Pass, from the lagoon side.
  1 3, A. G. M., Phot.

Plate **39**.

### PLATE **39**.

### APATAKI.

- 1. Low flats of the lagoon, east of Pakaka Pass.
- 2. Lagoon beach of land rim east of Pakaka Pass, looking northwest. 1, 2, W. McM. W., Phot.

PLATE **40**.

### PLATE 40.

- 1. Vegetation of land rim, lagoon side of Apataki. C. H. T., Phot.
- 2. Boulder beach outside of channel leading to central sink of Tikei.
- 3. West shore of Tikeï, south end of high coral sand beach.
- West shore of Tikeï, north end of high coral sand beach.
   2-4, W. McM. W., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE 41.

## PLATE **41.**

### TIKEÏ.

- 1. Gap forming pass leading from the sea face to the interior sink.
- 2. Cut leading from gap to the inner sink.

1, 2, A. G. M., Phot.

PLATE **42**.

Wide passage leading from the gap (Pl. 41, fig. 1) to the central pool of Tikeï.

A. G. M., Phot.

"Albatross" Tropical Pacific Expedition.

Coral Reefs, PLATE 42.

PLATE **43**.

### PLATE 43.

#### TIKEÏ.

- 1. Marshy flat near the pool of the central sink. W. McM. W., Phot.
- 2. Marshy flat connecting the central sink with the wide passage to the sea (Pl. 42).

A. G. M., Phot.

2

PLATE 44.

Sink with pool showing an outcrop of the old ledge, near the central part of Tikeï.

A. G. M., Phot.

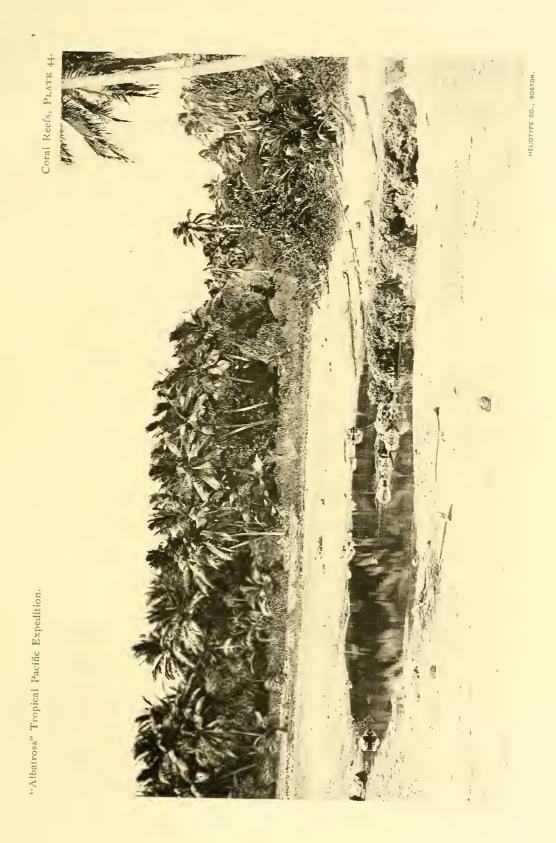

PLATE **45**.

### PLATE 45.

#### KAUEHI.

- 1. West shore, seen from the sea, looking across the lagoon to the islands of the opposite face, showing masses of boulders flanked by elevated underent ledges of coral-liferous limestone.
- 2. Wide gap across the land rim of the west face of the atoll, seen from the sea.

A. G. M., Phot.

3. Mass of large boulders on the west face of the land rim, partly recent coral conglomerate, partly old ledge, still attached to the narrow reef flat platform.

1, 3, W. McM. W., Phot.

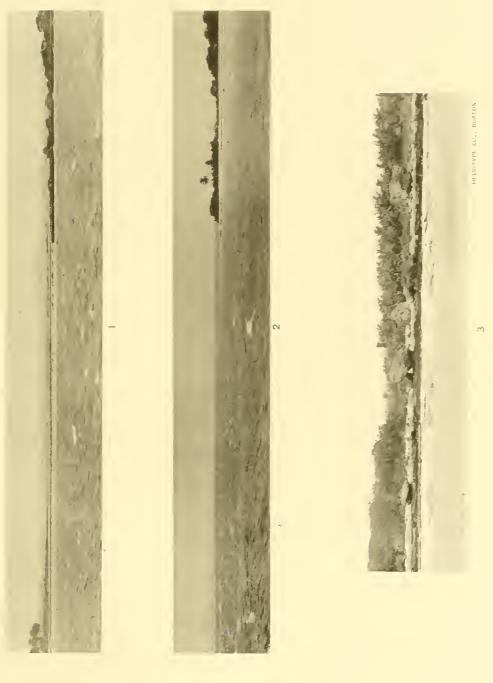

PLATE **46**.

### Plate **46**.

### FAKARAVA.

- 1. Partly submerged land rim of the west face of the atoll, islands and islets of the northwestern part of the lagoon. A. G. M., Phot.
- 2. Island on east side of Ngarue Pass, looking east while in the pass.
- 3. Lagoon face of land rim, west of Rotoava village, showing the low beach rock beach, seen from the anchorage.

2, 3, W. McM. W., Phot.

PLATE **47**.

### PLATE 47.

### FAKARAVA.

- 1. Ledges, islets, and islands in northwestern part of atoll (Pl. 204), seen from the island nearest to the Rotoava anchorage.
- 2. Ledge in the lagoon between Ngarue Pass and Rotoava.
- 3. One of the islands of the cluster in the northwestern part of the lagoon, the one nearest to the Rotoava anchorage.
- 4. North face of the same island, flanked by old ledge rock, with ledge of the same seen in the distance.

1-4, W. McM. W, Phot.

"Albatross" Tropical Pacific Expedition.

Coral Reefs. PLATE 47.

1

2

3

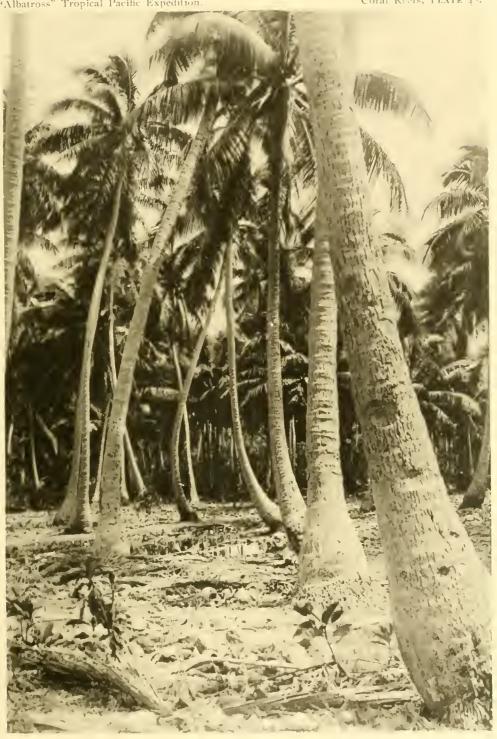

PLATE **48**.

# PLATE 48.

Sink and pool south of Rotoava village, Fakaraya. W. McM. W., Phot.

-FUNTYPE CL BUSTON

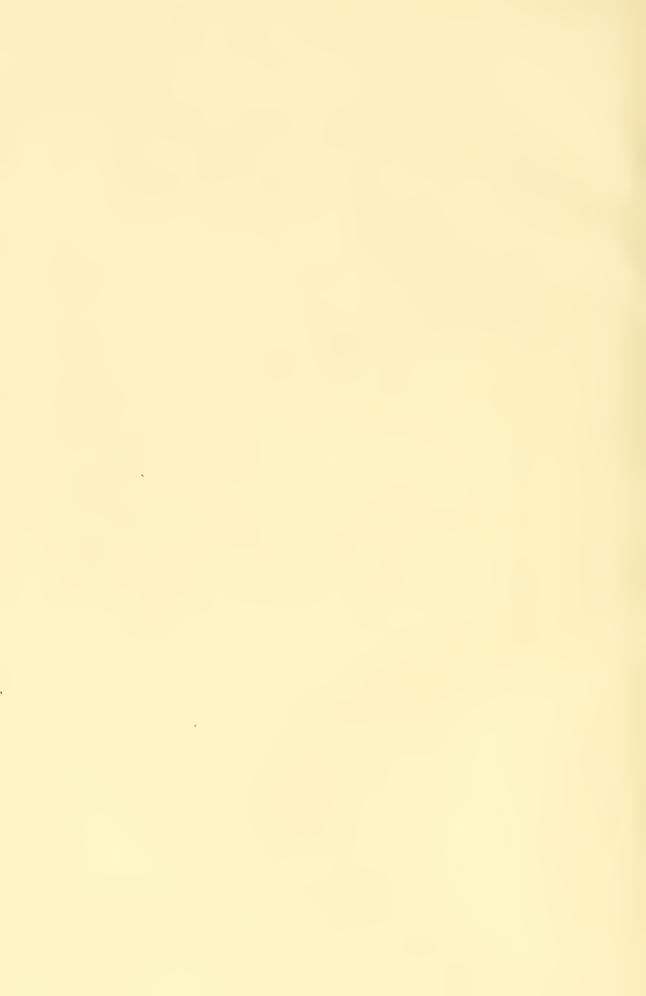

PLATE **49**.

# PLATE **49**.

Low beach rock cliffs of lagoon face of land rim near Rotoava village, Fakarava, part of Fig. 3, Pl. 46. A. G. M., Phot.

PLATE 50.

# PLATE **50.**

### FAKARAVA.

Sea face shingle beach with characteristic vegetation of the land rim of a Paumotu atoll.

A. G. M., Phot.

PLATE **51**.

### PLATE **51**.

- 1. Looking over the partly submerged land rim across to islets in the lagoon of Anaa, seen from the sea.
- 2. Beach rock on the sea face of the shingle beach to the east of Rotoava village, Fakarava, showing Nullipore knolls to the left of the reef platform.

1, 2, A. G. M., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **52.** 

### PLATE 52.

#### ANAA.

- 1. Northwest point of the atoll, showing undercut elevated coralliferous limestone ledges with outliers of the same on the reef flat platform. W. McM. W., Phot.
- 2. Gap on the northwest shore of the land rim, looking into the lagoon towards the land rim on the opposite face.
- 3. Horn and reef flat platform on the northwestern side of the atoll, seen from the sea. 2, 3, A. G. M., Phot.

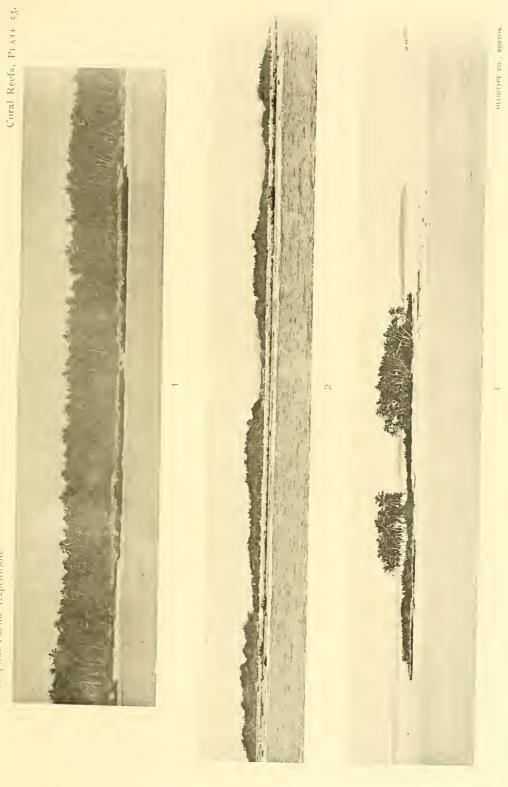

PLATE **53**.

## PLATE 53.

#### ANAA.

- 1. Part of the eastern shore flanked by low undercut elevated coralliferous limestone ledges and horses, separated by short coral sand beaches.
- 2. A more northerly part of the east face land rim, covered with small islands, separated by high gaps, with shingle beaches flanked by recent and old ledge boulders.
- 3. Submerged north face land rim with a prominent islet, looking across the shallow lagoon flat to the land rim of the opposite face.

1-3, A. G. M., Phot.

"Albatross," Tropical Pacific Expedition.

PLATE 54.

## PLATE **54**.

#### TAHANEA.

- 1. Island on the horn formed by the sweep of the reef flat platform on the west side of the atoll, seen from the sea.
- 2. Reef flat platform on the east face, at the curve leading to the southwest point, seen from the sea.
- 3. Southeast face of the atoll, seen from the sea, looking across the outer reef flat to the island on the inner platform of the secondary lagoon.

1, 2, W. McM. W.; 3, A. G. M., Phot.

PLATE 55.

#### PLATE 55.

#### TAHANEA.

- 1. Islands running at right angle to the face of the atoll, on the land rim of the southeast shore, seen from the sea. W. McM. W., Phot,
- 2. Islet and bars at right angle to the face of the atoll, on the west shore of the atoll, seen from the sea.
- 3. Narrow bare land rim of outer reef platform, on the north-face of the atoll, seen from the sea.
- 4. Island and bars in the lagoon on the south face of the atoll, looking over the narrow land rim from the sea. The island is on the north side of the secondary lagoon.

  2-4, A. G. M., Phot.

PLATE 56.

## PLATE 56.

#### TAKUME.

- 1. Looking across the horn of the north end of the atoll, seen from the sea.
- 2. Looking across the gap in the land rim of the northwest face of the atoll, island on the opposite face looming up, seen from the sea.
- 3. Looking into the lagoon across a low gap of the land rim on the northwest face of the atoll, seen from the sea.

1, 2, A. G. M.; 3, W. McM. W., Phot.

PLATE **57**.

# PLATE **57**.

#### TAKUME.

- 1. Islets on the land rim of the east face of the atoll, looking across the lagoon to the islands of the west face, seen from the sea.
- 2. Looking across a shallow gap in the land rim of the northwest side of the atoll, seen from the sea, breakers of the east face seen across the lagoon.
- 3. Boulders of old ledge on the northwest face of the atoll, looking across the lagoon, seen from the sea.
- 4. Islet and bars on the land rim at right angle to the east face of the atoll, islets of the west face seen across the lagoon, seen from the sea.

1-4, W. McM. W., Phot.

2

3

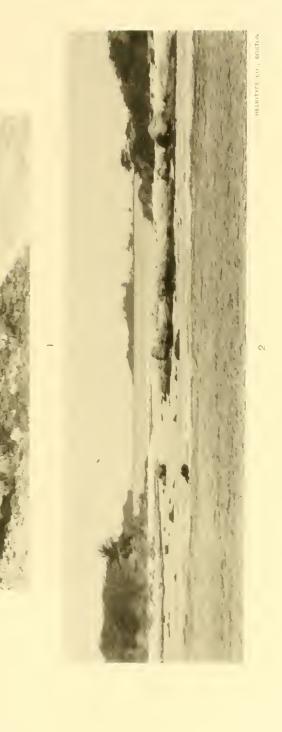

HELIOTYPE CO., BOSTON

PLATE **58**.

# PLATE **58.**

- 1. Land rim on the north side of Fakarava (lagoon face), distant ledges seen in the lagoon. A. G. M., Phot.
- 2. Looking into the lagoon of Takume across a narrow gap on the northwest face of the atoll. W. McM. W., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **59**.

# PLATE **59**.

### MAKEMO.

- 1. Looking across the pass on the northeast face, from the lagoon side.
- 2. Looking across the entrance to the same pass from the sea face, showing the outer shingle beach, the rolled boulders at the base, the narrow reef flat platform, and the outer edge of Nullipore knolls.\*

1, 2, W. McM. W, Phot.

1

PLATE 60.

## PLATE 60.

## MAKEMO.

- Land rim of the northeast face of the atoll, broken by gaps, seen from the lagoon side.
   A. G. M., Phot.
- 2. Continuous land rim on the northeast face of the atoll, seen from the lagoon side.
- 3. Sea face of the northeast land rim of the atoll, showing the shingle beach flanked by coral boulders at the base, the outer line of Nullipore knolls flanking the onter edge of the reef flat platform lagoon.

2, 3, W. McM. W., Phot.

c

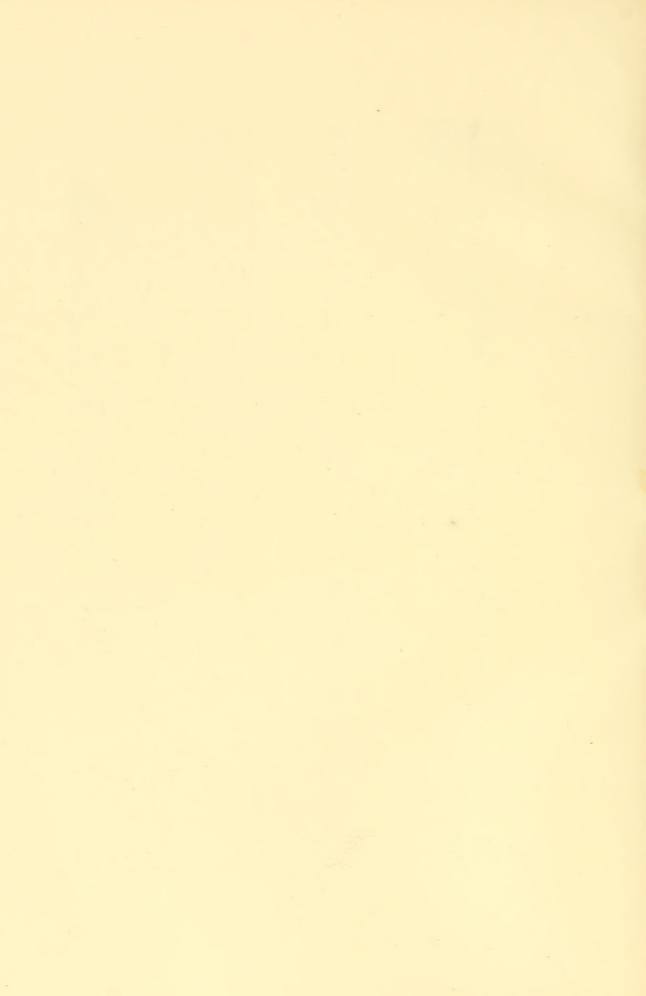

PLATE 61.

0

## PLATE 61.

### MAKEMO.

- 1. Looking out to sea, from a low coral sand dam thrown across the lagoon face of a shallow gap, showing the shingle dam thrown across the sea face of the gap.
- 2. Looking towards the lagoon from the sea face of a gap of the land rim, across a narrow channel cut through old ledge rock capped with modern conglomerate.

  1, 2, W. McM. W., Phot.

PLATE **62.** 

## PLATE **62**.

#### MAKEMO.

- 1. Shingle and rubble beach on the sea face, with line of Nullipore knolls on the outer edge of the narrow reef flat platform lagoon running parallel to the beach.
- 2. Sea face shingle beach with rolled coral boulders at the base, and outliers of the old ledge cropping out, on the reef flat platform, between the base of the shingle beach and the outer line of Nullipore knolls, forming the head of one of the reef flat platform lagoons.

1, 2, A. G. M, Phot.

PLATE **63**.

## Plate **63**.

### MAKEMO.

- Outer edge of knolls of Nullipores flanking the reef flat platform lagoon running parallel to the sea face shore line.
- 2. Sea face of atoll, showing the outer reef flat platform with its Nullipore edge, and base of the land rim flanked by a mass of material to form a conglomerate bedding eovering the underlying old ledge.

1, 2, A. G. M., Phot.

PLATE 64.

# PLATE **64**.

## MAKEMO

Coral shingle, rubble, and small boulders on the summit of the beach on the sea face, encroaching upon the vegetation of the land rim. A. G. M., Phot.

PLATE 65.

## PLATE 65.

### MAKEMO.

- 1. Sea face, showing the outer line of Nullipore knolls forming the edge of the reef flat platform, covered with numerous outliers of the old ledge. A large undercut outlier of the old ledge, capped with recent conglomerate, stands on the left of the figure.
- 2. Worn recent corals, coral boulders, and fragments of old ledge on the face of the sea beach, capping the underlying old ledge.

1, 2, W. McM. W., Phot.

HELIOTYPE CO., BOSTON.

PLATE **66**.

# PLATE 66.

### ТЕКОКОТА.

- 1. Looking across the lagoon of the atoll over the land rim of the west face, showing bar of shingle at right angle to the sea face.
- 2. Looking across the northwestern horn of the atoll.
- 3. Islets running at right angle to the reef platform of the west face of the land rim, looking across the lagoon of the atoll from the sea.
- 4. Looking across the land rim of the southwest face of the atoll, showing islet at right angle to the face, and the land rim of the opposite face.

1, f, W McM W.; 2, 3, A. G. M., Phot

PLATE **67**.

## PLATE **67**.

### HAO.

- 1. A part of the west face of the atoll, with a wide reef flat; a few islands and bars form the land rim.
- 2. A part of the west face of the land rim, with islands and bars on the edge of the reef flat platform.
- 3. Northwest point of the atoll, looking across the horn of the lagoon, seen from the sea.
- 4. Wide gap on the west face of the atoll, looking into the lagoon from the sea.

1-4, A. G. M., Phot.

PLATE **68**.

## PLATE 68.

## AKI AKI.

- 1. Island of Aki-Aki seen from the south.
- 2. Western part of the island.
- 3. Eastern part of the island.

1-3, W. McM. W., Phot.

PLATE 69.

# PLATE **69**.

## AKI-AKI.

- 1. Scrub vegetation of sink near the central part of the island.
- 2. Fresh-water sink surrounded by cocoanut trees, near the central part of the island.
  1, 2, C. H. T., Phot.

HELIOTYPE CO. BOSTON

PLATE **70**.

#### PLATE 70.

- 1. West face of Marokau, looking across the wide reef flat into the lagoon.
- 2. Northern extremity of Ravahere, looking across the wide bare reef flat of the west face, showing the islands on the east face of the atoll.
- 3. Horn of the western extremity of Nukutavake, showing reef flat platform lagoon at the base of a high shingle and coral sand beach, seen from the sea.
- 4. Sand dunes on the east face of Nukntavake, overwhelming the vegetation of the land rim, line of Nullipore knolls on outer edge of reef flat platform, seen from the sea.

1-4, A. G. M., Phot.

PLATE 71.

ŵ

# PLATE **71**.

## NUKUTAVAKE.

- 1. Vegetation near the central part of the island.
- 2. Sink surrounded by eoeoanut trees, near the middle of the island. 1, 2, A. G. M., Phot.

PLATE **72**.

### PLATE **72**.

### PINAKI.

1 Atoll seen from the foretop, showing the old gap on the southeast side.

W. McM. W., Phot.

- 2. Entrance to the atoll, seen from the south side. C. H. T., Phot.
- 3. Entrance to the atoll, seen from the south side. A. G. M., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **73**.

## PLATE **73**.

## PINAKI.

- 1. Western horn of the atoll.
- 2. Low gap across the eastern land rim of the atoll, seen from the southeast.
- 3. Sand dunes overwhelming the vegetation on the southeast face of the atoll, ancient wide gap on the right.

1-3, A. G. M., Phot.

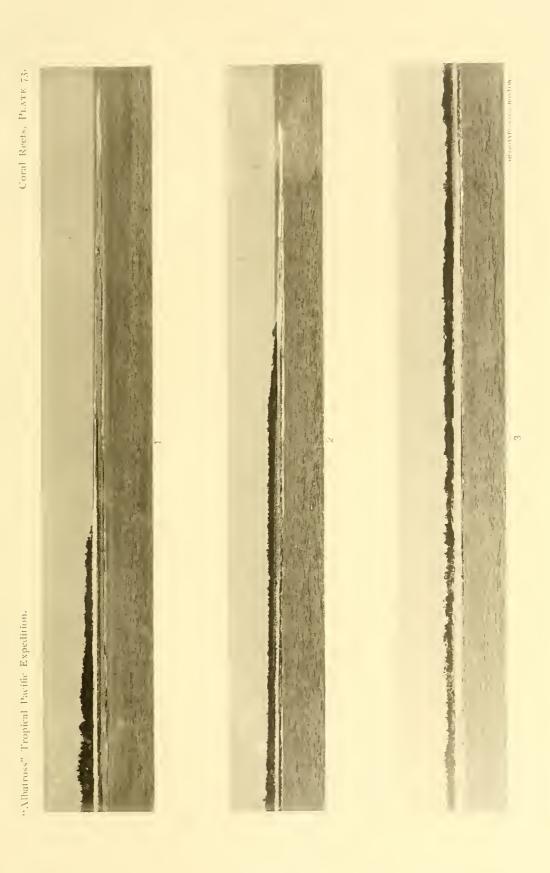

Plate **74.** 

## PLATE **74**.

## PINAKI.

- I. Looking across the lagoon side of entrance into atoll, Tridaena islets in the background.
- 2. Looking into the lagoon of the atoll, from the reef flat platform, showing old ledge outcrops.

1, 2, C. II. T., Phot.

"Albatross" Tropical Pacine Expedition.

PLATE **75**.

## PLATE **75**.

- 1. Tridacna islets in the lagoon of Pinaki.
- 2. On the reef flat platform at the entrance into the lagoon of Pinaki, looking west.
- 3. Windrows of Tridaenas on the lagoon face of the land rim near the entrance into Pinaki.
- 4. Vegetation of the land rim of Makemo.

1-4, C. H T., Phot.

PLATE **76**.

#### PLATE **76**.

#### NUKUTIPIPI.

- Looking into the lagoon across the wide gap on the sea face of the land rim of the atoll; the reef flat platform lagoon runs parallel to the land rim; the land rim of the opposite face of the atoll is seen across the lagoon.
- 2. Extremity of island forming the land rim of the western face of the atoll; the reef flat platform lagoon is very prominent.
- 3. Northern end of island forming the west face of the atoll, looking into the lagoon from the sea.
- 4. Western point of the atoll as seen coming from the south. The reef flat platform lagoon is specially well developed at Nukutipipi, as shown on Figs. 1-4 of this plate.

1-1, A. G. M., Phot.

PLATE **77**.

#### PLATE 77.

### NUKUTIPIPI.

1. Looking across the broad reef flat platform lagoon on the south face of the atoll, with the edge of Nullipore knolls on the sea face of the reef flat.

W. McM. W., Phot.

- 2. Looking into the lagoon to the opposite land rim, across the wide gap on the northwest face of the atoll.
- 3. Looking into the lagoon from the southwest, over the wide reef flat platform and the lagoon flat.
- 4. Looking across the reef flat platform lagoon, near the northwest point of the atoll. 2-4, A. G. M., Phot.

PLATE **78**.

#### PLATE **78**.

### ANU-ANURUNGA.

- 1. Looking into the lagoon across the broad reef flat covered with rocky and sandy bars running at right angle to the face of the atoll. W. McM. W., Phot.
- 2. The northern extension of the same view. C. H. T., Phot.
- 3. Southwest face of the atoll, looking over the edge of Nullipore knolls, across the broad reef flat platform lagoon. A. G. M., Phot.

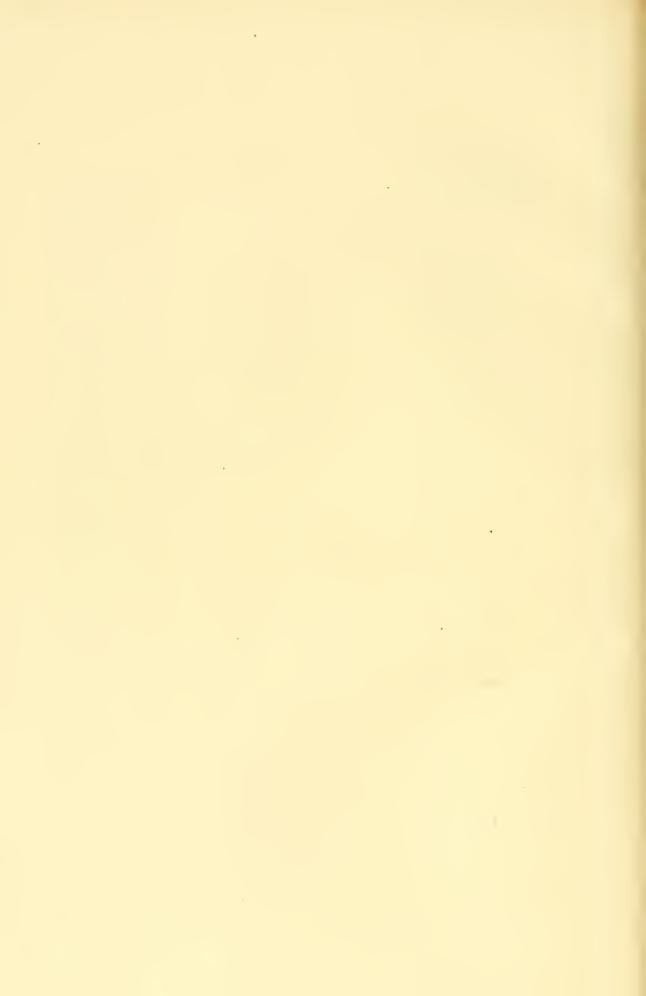

PLATE 79.

## Plate **79**.

#### HEREHERETUE.

- 1. Looking into the lagoon over the reef tlat platform and lagoon flats of the northeast face of the atoll.
- 2. The southeast horn of the atoll, showing the high coarse shingle beach, the narrow reef flat platform lagoon and low gap on the right.
- 3. Looking into the lagoon, through a wide gap, over a submerged reef that on the western face of the atoll.

1-3, A. G. M., Phot.

PLATE **80**.

# Plate **80**.

## HEREHERETUE.

- 1. Looking over a narrow reef flat on the southeast face of the atoll, flanking a high coral sand beach overwhelming the vegetation of the land rim.
- 2. High sand and coral shingle beach flanking the southeast face of the atoll. 1, 2, W. MeM. W., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE **81**.

### PLATE 81

#### HEREHERETUE.

- 1. High sand beach, flanked by narrow reef flat platform, encroaching on the vegetation of the land rim on the northeast face of the atoll, seen from the sea.
- 2. Looking across the narrow reef flat towards the high coral sand beach. The upper part of the beach is covered by low bushes, and the summit by trees that have been killed by sand dunes.

PLATE **82**.

# Plate **82**.

## HEREHERETUE.

- 1. Lagoon beach of the atoll.
- 2. Wide outer reef flat platform of the east face of the atoll, seen from the base of the outer coral sand and shingle beach.

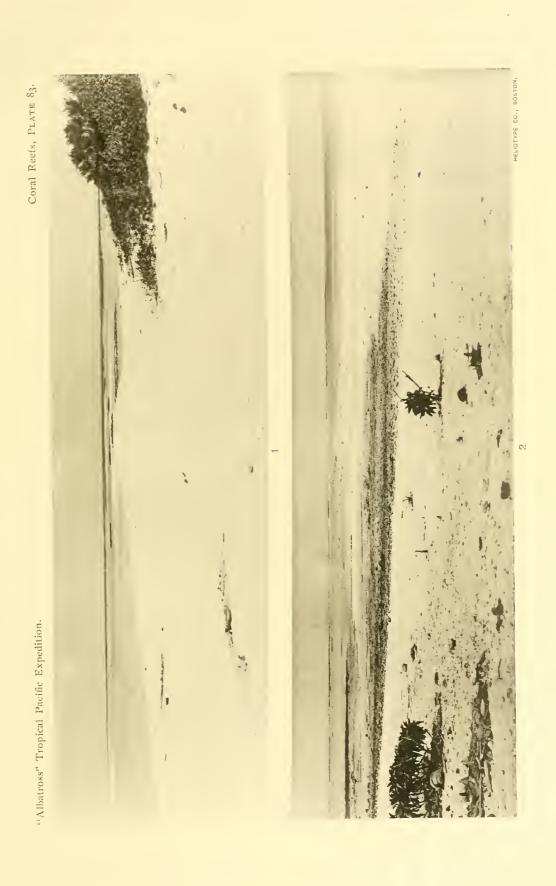

PLATE **83**.

## PLATE **83**.

## HEREHERETUE.

- 1. Long sand spit and belt of islets running north, in the interior of the lagoon, from the lagoon face of the land rim of the eastern face of the atoll.
- 2. Long sand spit, parallel with the outer face of the atoll, separating a shallow secondary lagoon from the main lagoon.

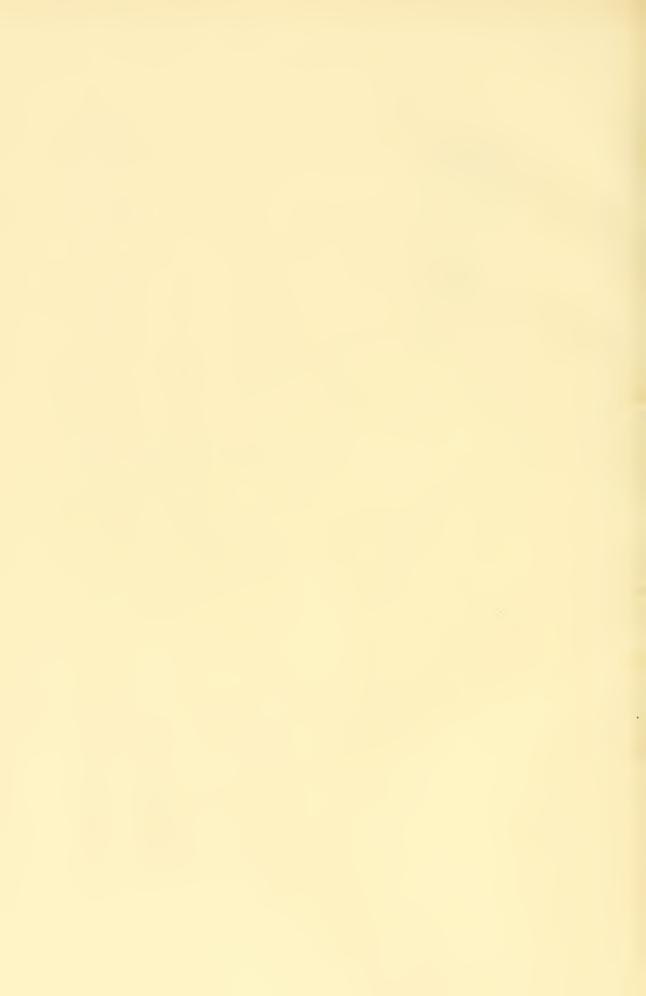

PLATE **84**.

## PLATE **84**.

#### TAHITI.

- Looking out over the barrier reef of the east side of Papieté Harbor, Point Fareute on the right. W. McM. W., Phot.
- 2. Entrance of Papieté Harbor, Murea in the distance, Motu-uta on the right.

A. G. M., Phot.

- 3. Horn of the barrier reef on the west side of the entrance to Papieté Harbor, seen entering the harbor.
- 4. Horn of the barrier reef on the east side of the entrance to Papieté Harbor, seen entering the harbor.

PLATE **85**.

## Plate **85**.

### TAHITI.

- 1. Line of barrier reefs off the volcanic slopes of the east shore of Tahiti, off Bougain-ville Harbor and Boudeuse Pass.
- 2. Papieté, seen from our anchorage, with the volcanie slopes  $\,$  rising in the rear, "Reine" Valley in the centre,

1, 2, A G. M., Phot.

PLATE 86.

## PLATE 86.

## TAHITI.

- 1. Barrier reef off the northeast slope, connecting Motu Puuru and Nansouty Island.
- Barrier reef off the east coast of the island, south of the Popeiha River (Hitiaa).
   1, 2, A. G. M., Phot.

PLATE 87.

## PLATE **87**.

## TAHITI.

- 1. Termination of the barrier reef off Puaiti opposite Utuofai River, on the east coast of the island.
- 2. Looking towards Papieté on the road to Point Venus, entranee to barrier reef south of Matavai Bay.
- 3. Taravao Bay, looking south, on the east face of Taiarapu Peninsula towards Motu Nono.

PLATE **88**.

# PLATE **88.**

## TAHITI.

- Looking from the beach on the west face of Point Venus towards Mount Diadème in the central part of the island. W. McM. W., Phot.
- 2. Volcanic sand beach and cliffs at Papenu Point, north shore of the island.

HELIOTYPE (\_ , BOSTON

. Plate **89**.

# PLATE 89.

#### TAHITI.

1. Looking towards the centre of the island, Mount Diadème in the background.

W. McM. W., Phot.

2. Papieté from our anchorage, Fantaua Valley, with Mount Aorai in the rear.

A. G. M., Phot.

HELOTYPE CL. BOSTON

PLATE **90**.

# PLATE 90.

- 1. Junction of lakes Temae and Motuiti, northeast point of Murea.
- 2. Mehetia, extinct volcano, seen from the north. A. G. M., Phot.

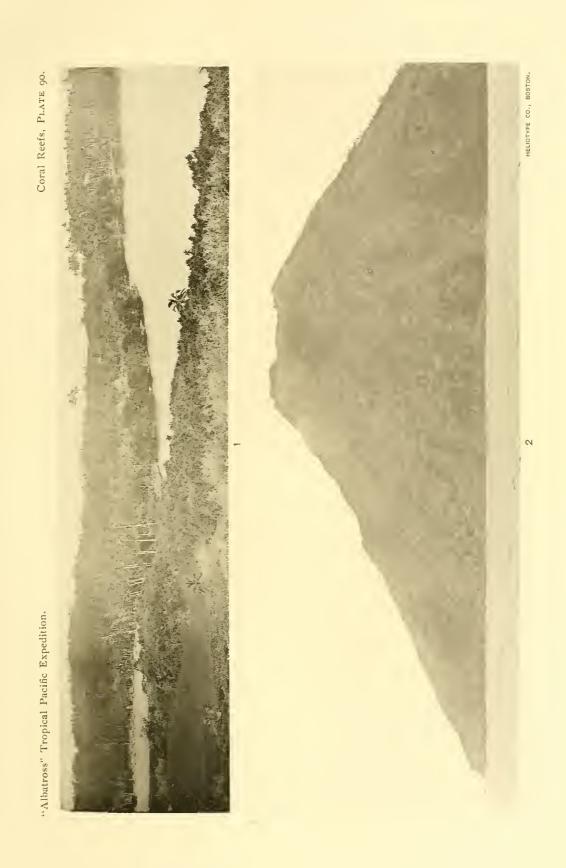

PLATE 91.

# PLATE 91.

## MUREA.

- 1. Entrance to Paopao Bay, north side of the island.
- 2. The northeastern extremity of the island off Faaupo Point, showing the barrier reef enclosing lake Temae.

PLATE **92**.

# Plate **92**.

## HUAHEINE.

- 1. Looking into Tiare Pass from the sea. W. McM. W., Phot.
- 2. Entrance to Tiare Pass, seen from the south. A. G. M., Phot.

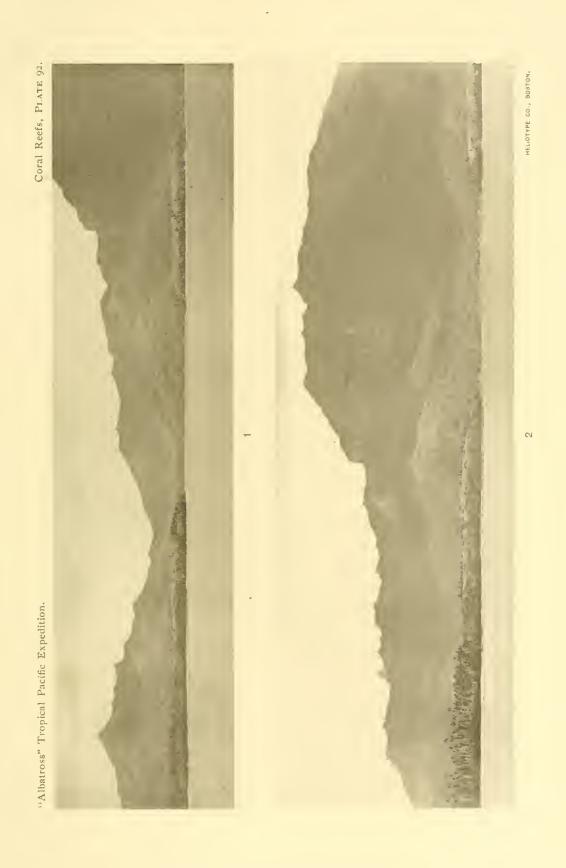

PLATE **93**.

# PLATE 93.

## TAHAA AND RAIATEA.

- 1. Gap between Tahaa and Raiatea.
- 2. Gap in the barrier reef, flanked with islets; off Fatira Bay on the north shore of Tahaa.
- 3. Looking into Teavarua Pass, Raiatea.

1, 2, W. McM W.; 3, A. G. M., Phot.

PLATE **94**.

#### PLATE 94.

#### ТАПАА.

- 1. Islets on the barrier reef of the northern face of the island, Bora Bora in the distance.
- 2. Looking southeast, through a gap in the barrier reef and islets on the northern face of the island.
- 3. Islet on the barrier reef of the horn of the northern end of the island.
- 4. The eastern face of Motu Oavarei, a wide island flanking the northern part of the east face of Huaheine.

1, 2, W. McM. W.; 3, 4, A. G. M., Phot.

PLATE **95**.

#### PLATE 95.

1. Showing the steep slope of Mehetia with small coral sand beach of the island.

H. C. F., Phot.

- 2. Tetiaroa seen from the southeast.
- 3. Looking through a gap into the lagoon of Tetiaroa from the east.

2, 3, W. McM. W., Phot.

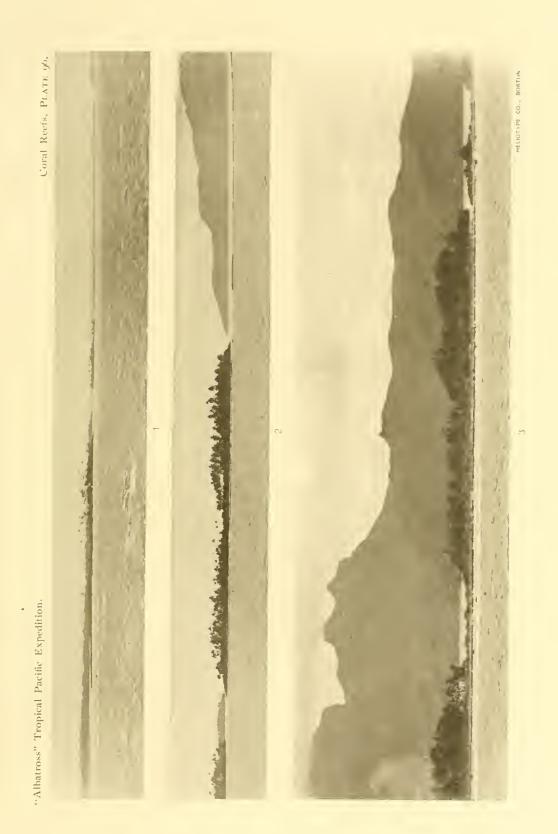

Plate **96**.

# PLATE 96.

- 1. Looking into the lagoon of Tetiaroa from the southeast. W. McM. W., Phot.
- 2. Looking across a gap in the barrier reef and islets of the northeast point of Tahaa.
- 3. Central mass of Bora Bora, seen from the north across the islets of the barrier reef. 2, 3, A. G. M., Phot.

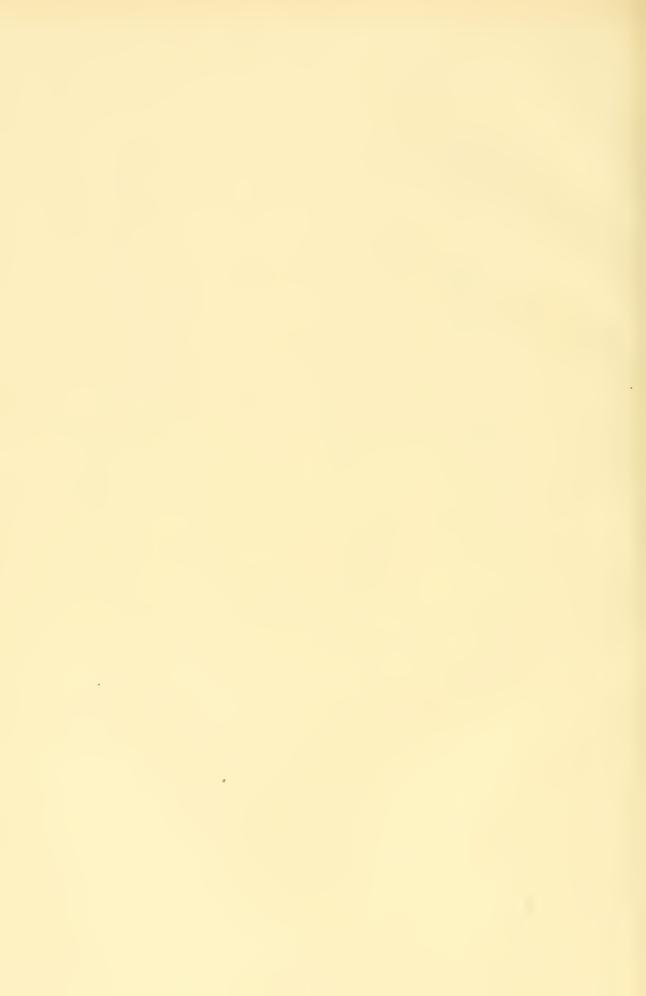

PLATE **97**.

## PLATE 97.

## BORA BORA.

- 1. The island as seen approaching from the southeast, distant four miles.
- 2. The island seen from the northwest, looking across the islets and gaps of the barrier reef off the Manini Islands, northwest face of Bora Bora.
- 3. The island seen from the southeast, looking across the low part of the barrier reef off Taurere Point.

1, 2, W. McM. W.; 3, A. G. M., Phot.

PLATE 98.

#### PLATE 98.

#### BORA BORA.

- 1. Southeast face of the island, showing the barrier reef to the south, with Motu Piti Aau on the southeastern part of the barrier reef.
- 2. Gap in the islets and barrier reef of the southeast face of the island, off Motu Apomeo.
- 3. Looking into the lagoon of the barrier reef through a gap in Motu Piti Aan, sontheast face of the island.

1-3, W. McM. W., Phot.

PLATE 99.

#### PLATE **99**.

# BORA BORA.

- 1. Southern extremity of the island seen from the northeast.
- 2. Looking into the lagoon through a gap on the southeast face of the island.
- 3. Looking into the lagoon across the barrier reef, on the northwest face of the island
- 4. Looking west towards the central peaks of the island, over the islands on the barrier reef.

1, 2, W. McM. W.; 3, 1, A. G. M., Phot.

3

PLATE **100**.

# PLATE **100**.

# BORA BORA.

- 1. Central mass of the island, seen from the east, over the islands of the barrier  $reef_{\gamma}$  off Motu Itae.
- 2. Central mass of the island, seen from the northwest, over the islands of the barrier reef, off Motu Ome.

1, 2, W. McM. W., Phot.

PLATE **101**.

# PLATE **101**.

#### BORA BORA.

1. Central mass of the island seen from the northwest, off Manini Islands.

W. McM. W., Phot.

2. Bora Bora seen from the west, looking into the entrance into the barrier reef lagoon; on the right Motu Tapu and Motu Aliuna, and on the left Teveiroa. A. G. M., Phot.

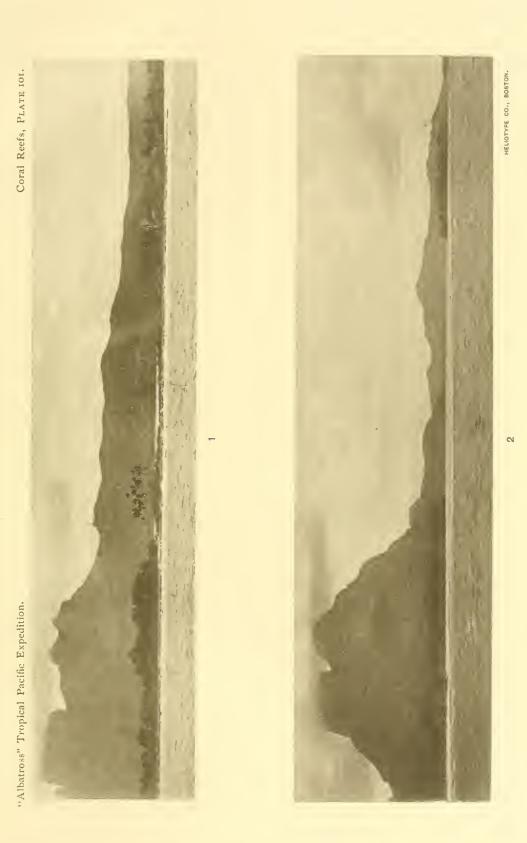

PLATE **102**.

#### PLATE 102.

#### BORA BORA.

- 1. Northern extremity of Tupua Island seen from our anchorage off Vaitape, Motu Tapu on the right.
- 2. Southern extremity of Tupua Island seen from our anchorage.
- 3. Looking across the gap between Pahua Point and Motu Ahuna towards Teveiroa Island and the Manini Islands.
- 4. Looking across the gap between Pahua Point and Teveiroa Island, I, 3, W. McM. W.; 2, 4, A. G. M., Phot.

PLATE **103**.

# PLATE **103**.

The central mass of Bora Bora, Mounts Pahia and Temanu seen from our anchorage off Vaitape. A. G. M., Phot.

Plate **104**.

# PLATE 104.

- 1. Looking into the lagoon of Motu Iti across the southern reef flat.
- 2. Looking into the lagoon of Motu Iti over the reef flat of the western face of the atoll.
- 3. Maupiti, seen from the east.
- 4. Maupiti, seen from the southeast, off Farepaia, looking over the barrier reef south of Tuanaé Island, towards its northern face.

1, 2, 4, A. G. M.; 3, W. MeM. W., Phot.

"Albatross" Tropical Pacific Expedition.

PLATE 105.

# PLATE 105.

# MAUPITI.

- 1. Central peak seen from the east, looking over Tuanaé Island.
- 2. The central mass seen from the east, looking over the barrier reef flats between Farepaia and Té Apaa Island.

1, 2, W. McM. W., Phot.

# **PUBLICATIONS**

OF THE

# MUSFUM OF COMPARATIVE ZOÖLOGY

AT HARVARD COLLEGE.

There have been published of the Bulletin, Vols. I. to XXXVII.; of the Memoirs, Vols. I. to XXIV., and Vol. XXVIII.

Vols. XXXVIII., XXXIX., XL., and XLI. of the Bulletin, and Vols. XXV., XXVII., XXVII., and XXIX. of the Memoirs, are now in course of publication.

A price-list of the publications of the Museum will be sent on application to the Librarian of the Museum of Comparative Zoölogy, Cambridge, Mass.
