

Creating a Network of Knowledge for
biodiversity and ecosystem services
www.biodiversityknowledge.eu

Introduction to the Network of Knowledge (NoK) approach and White Paper

Christoph Görg, Carsten Neßhöver, Marie Vandewalle & Heidi Wittmer

Dept. of Environmental Politics & Dept. of Conservation Biology
Science-Policy Expert Group
UFZ, Germany

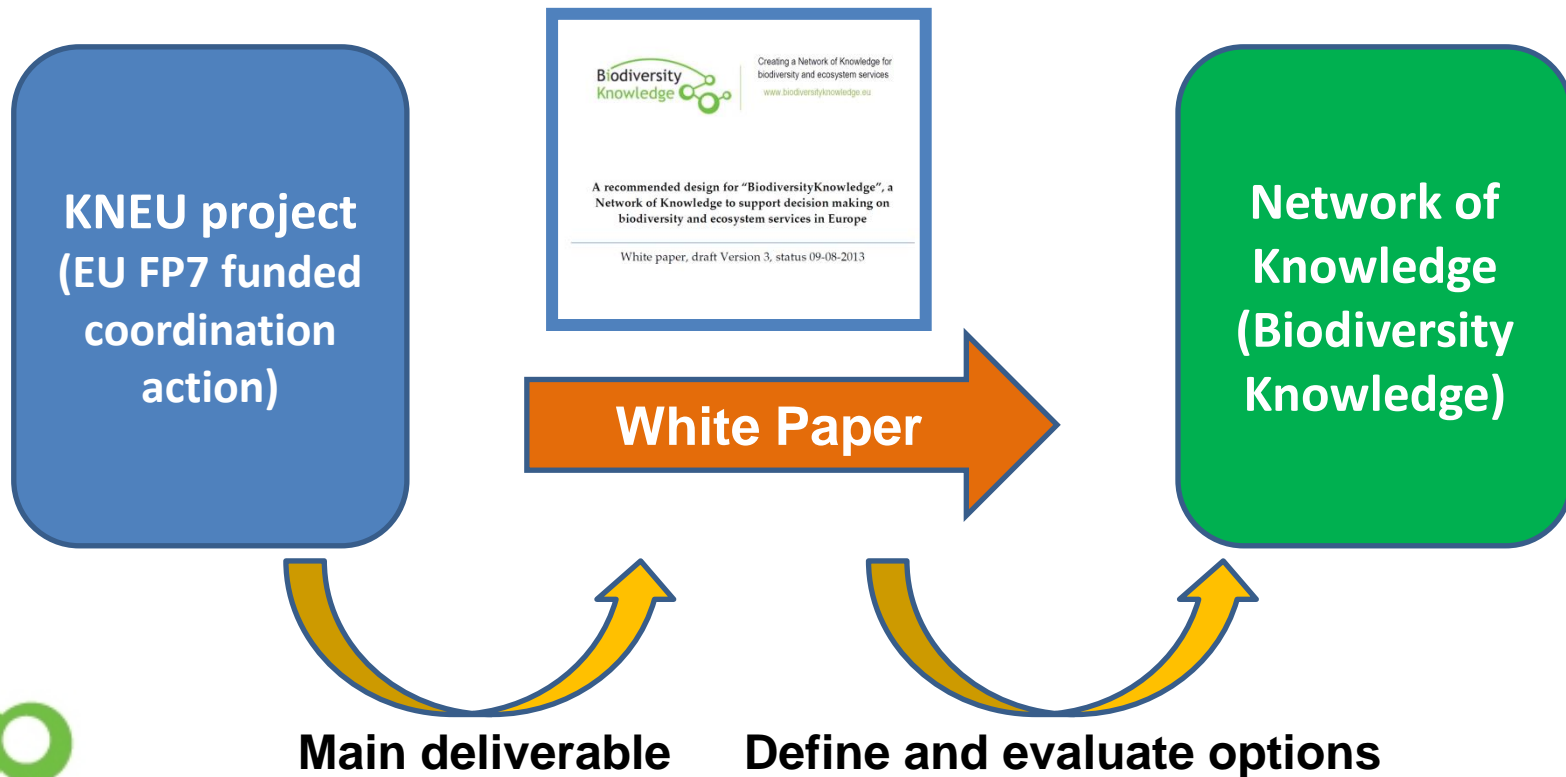

& the KNEU project team

2nd BiodiversityKnowledge conference, September 24th-26th 2013, Berlin

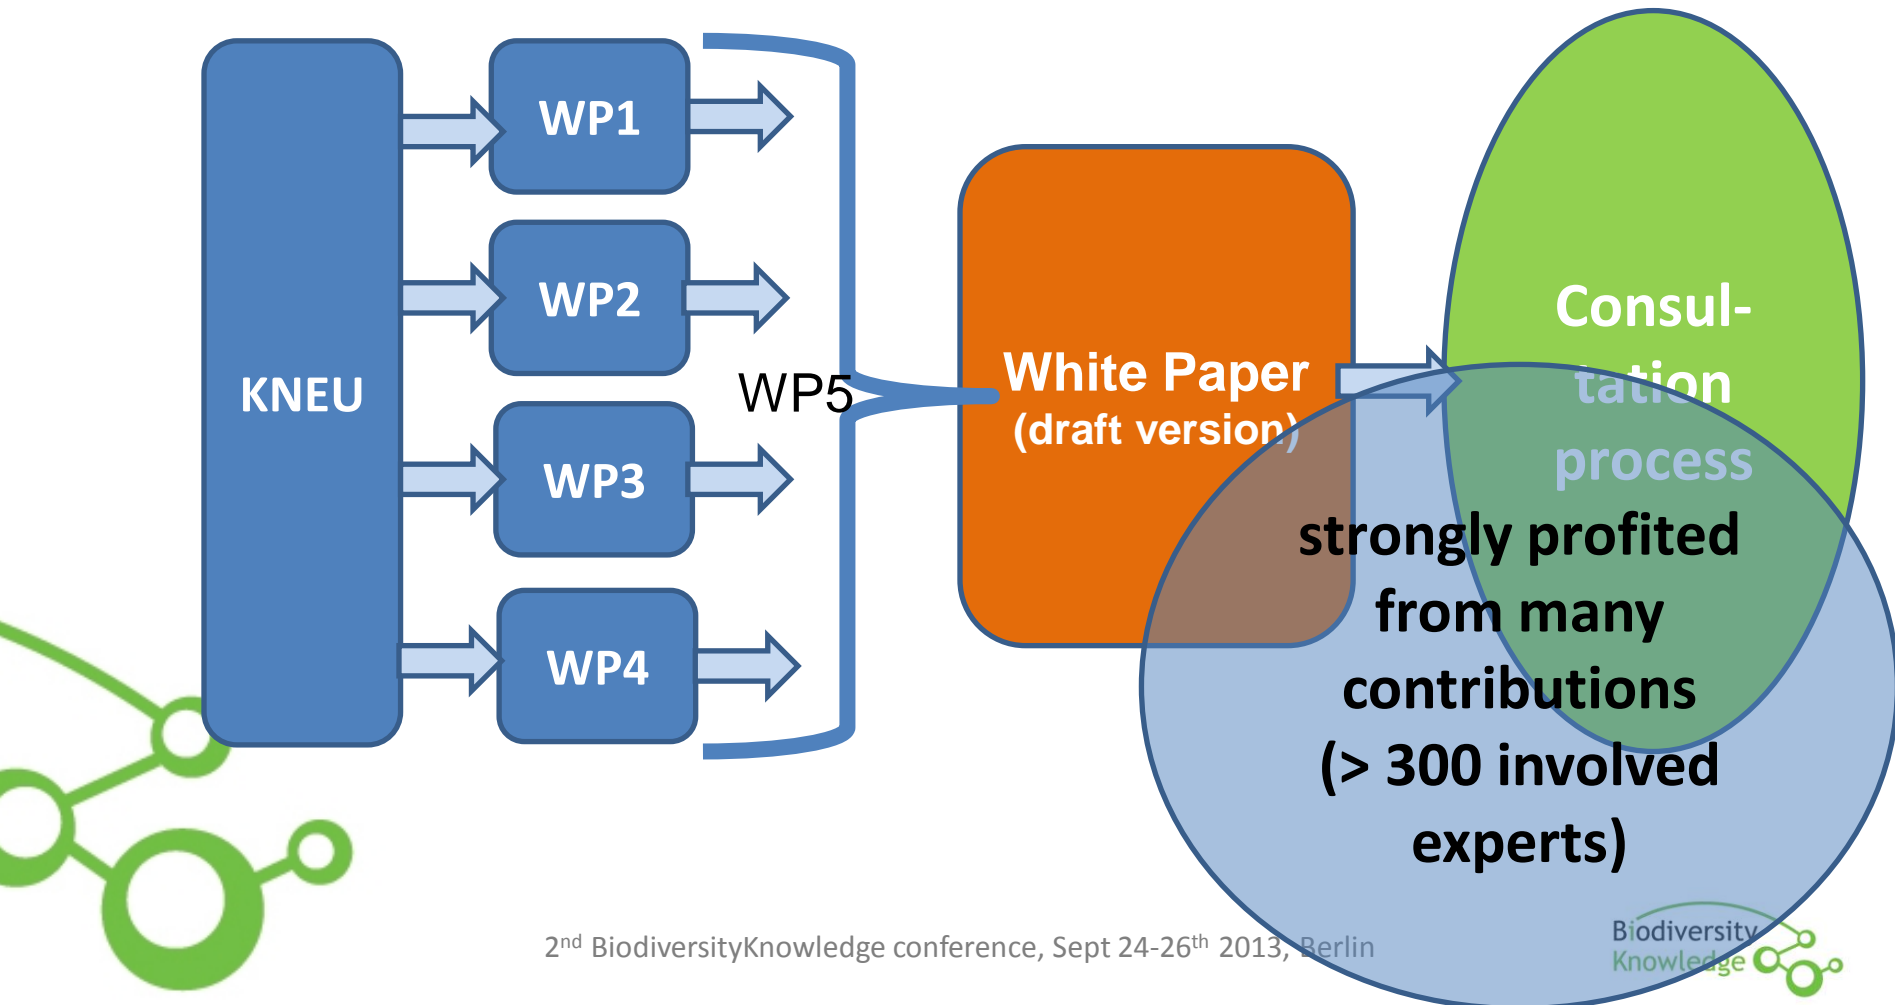

The KNEU Coordination Action is supported by the European Commission under the 7th Framework Programme for Research and Technological Development (Grant No. 265299)

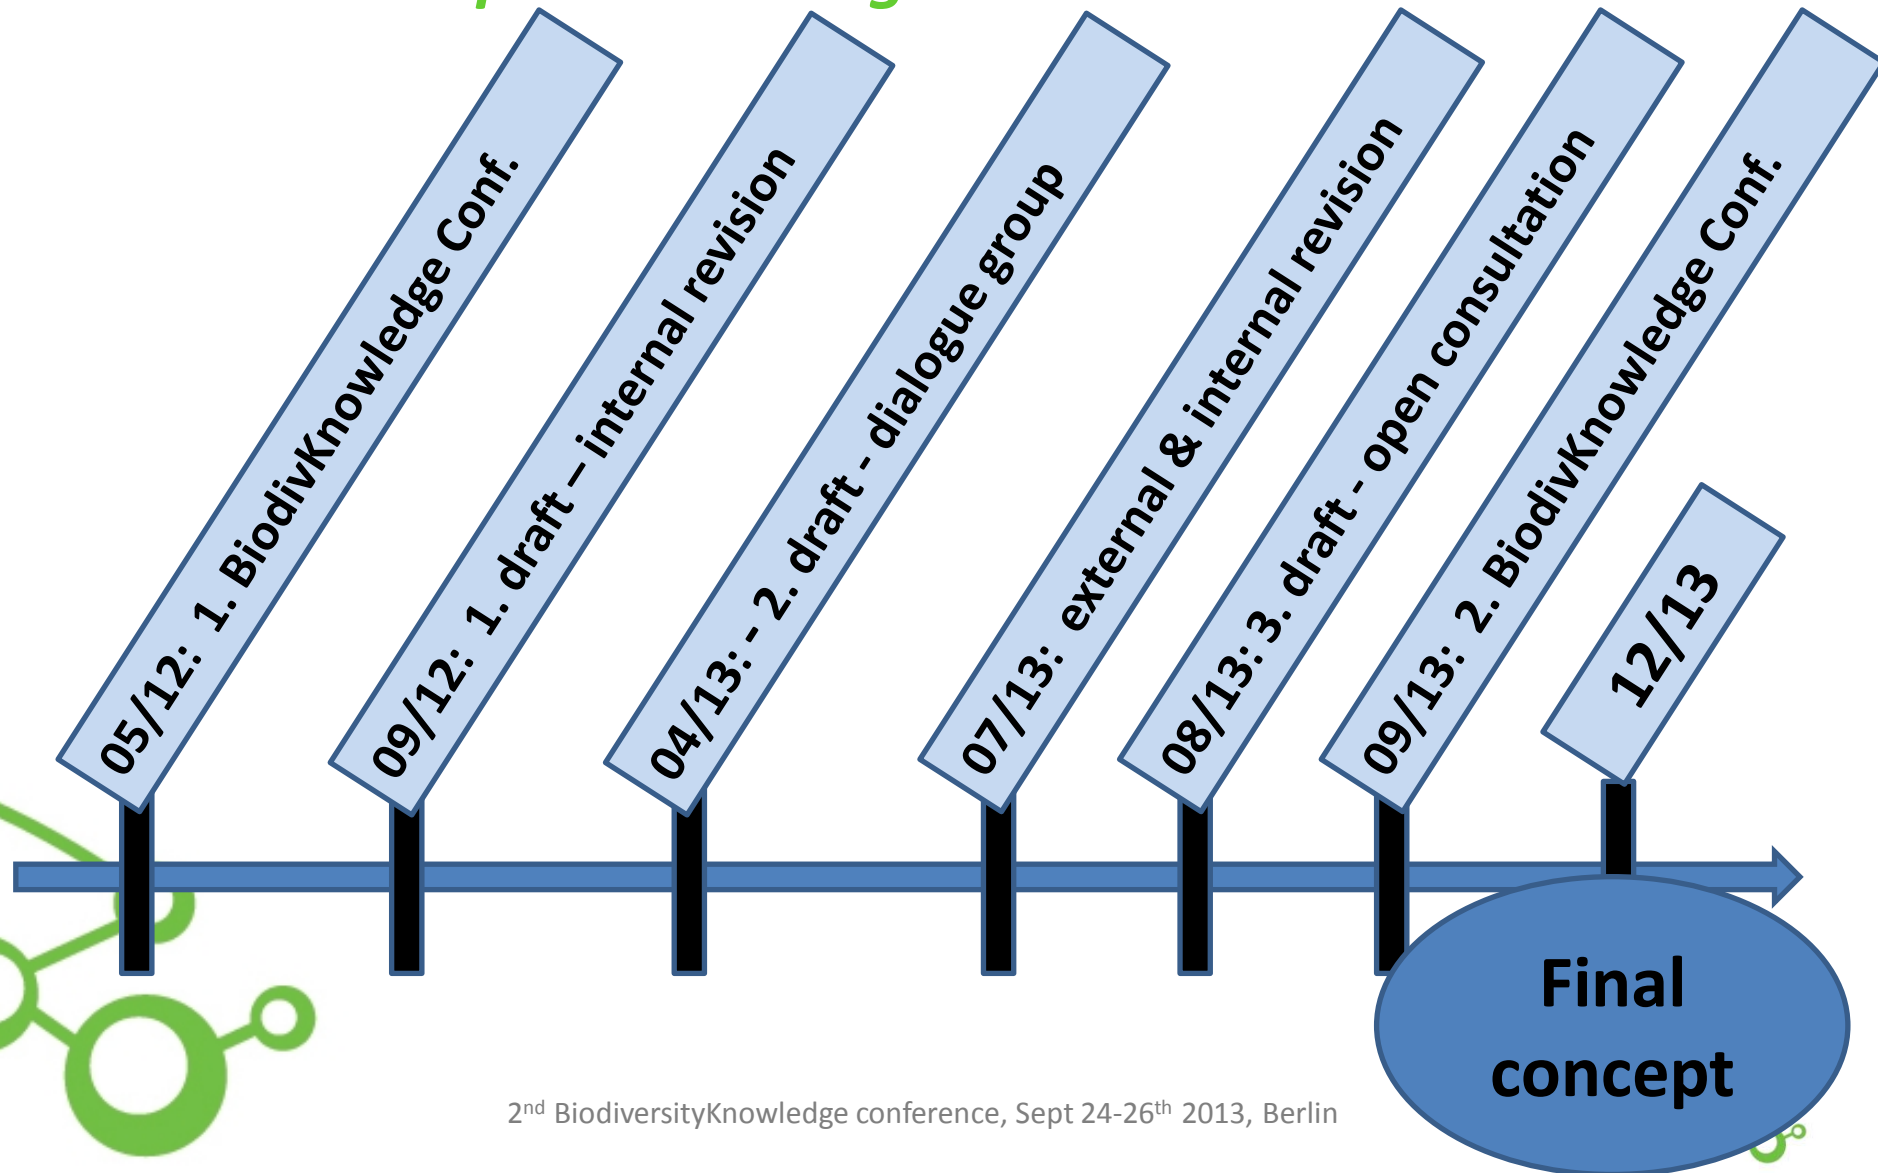

The purpose – from KNEU to NoK

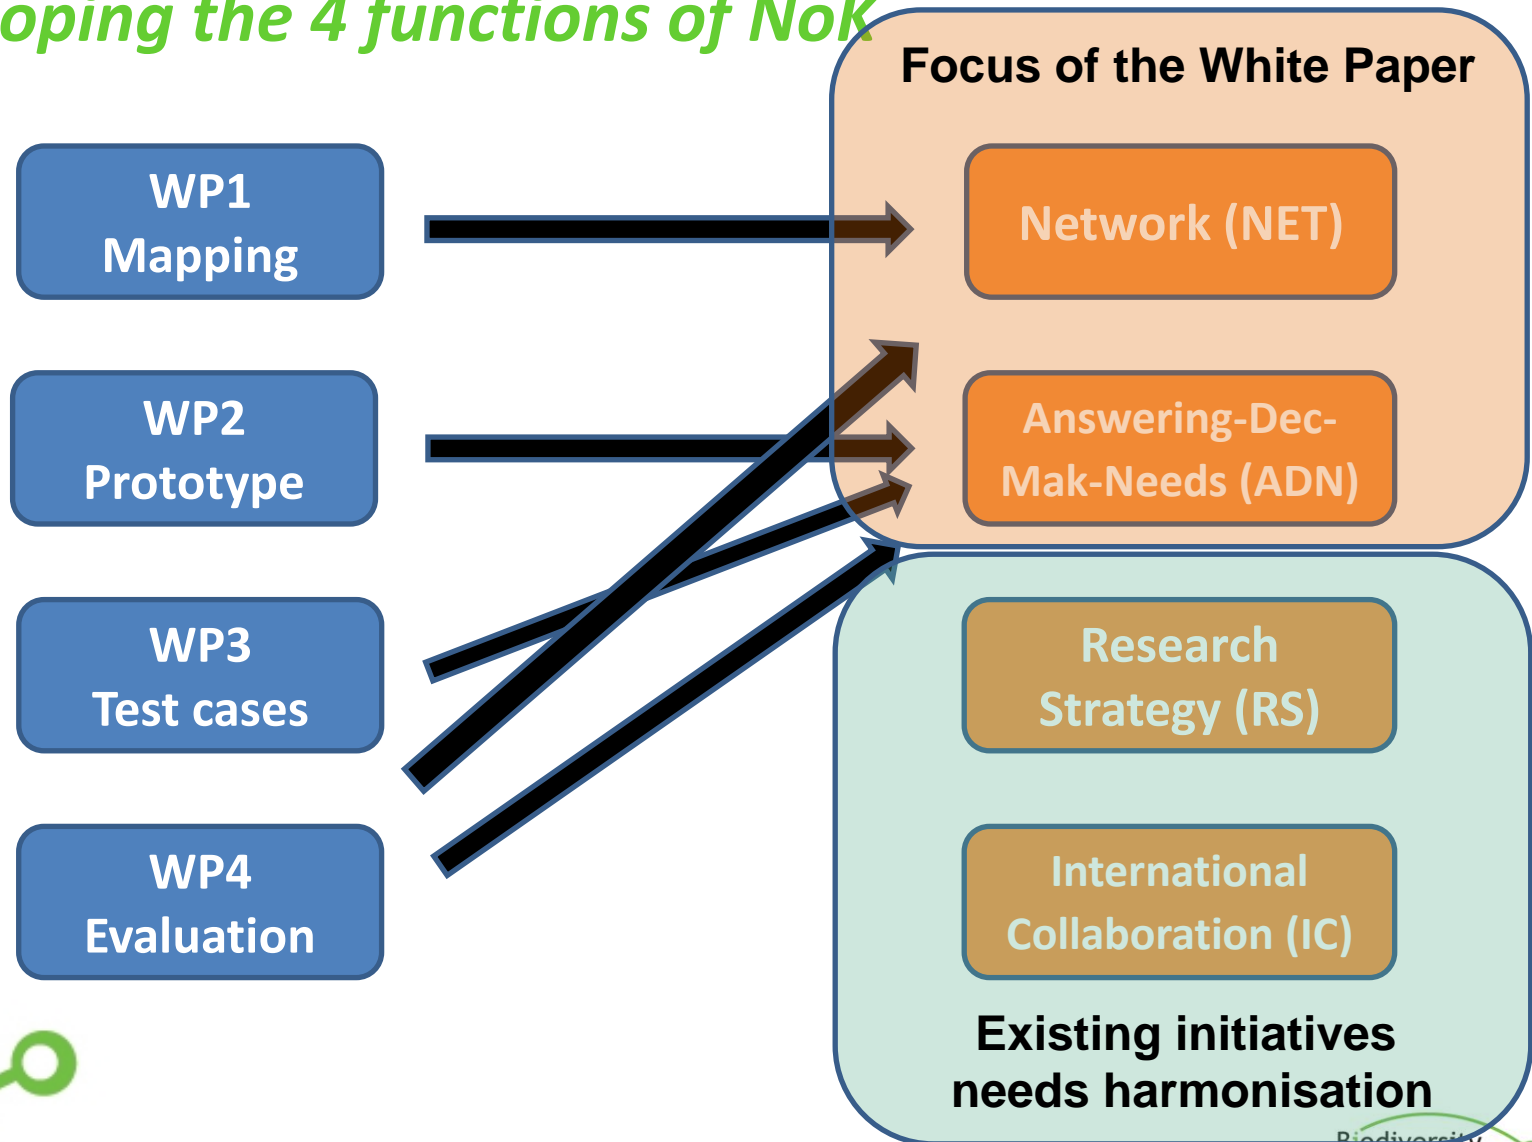

The White Paper: a joint product from KNEU WPs

The White Paper – a “living document”

Developing the 4 functions of NoK

A. Network function (NET): Building a responsive community

- Many institutions and networks exist (BISE, etc.)
- Results from SPIRAL & experiences from other knowledge areas

⇒ "network of networks" approach

Online platform

Overview about projects

Knowledge holder area

Thematic areas

Forum: access for requesters

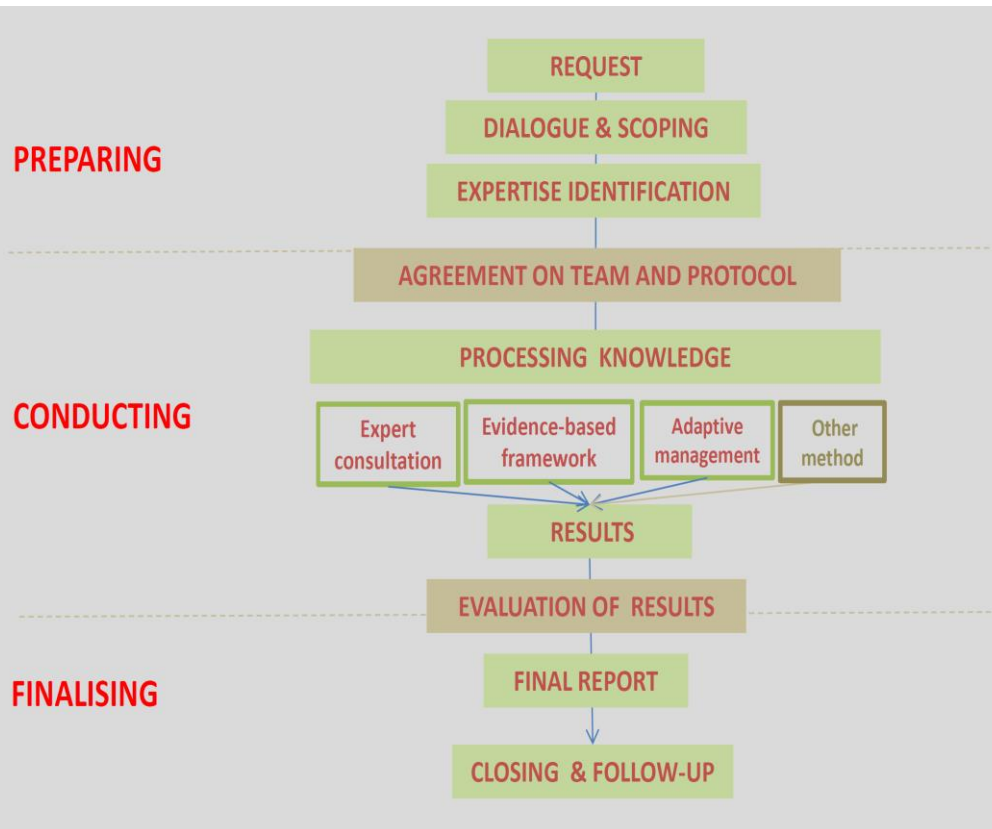

Added value:

- Knowing who is who
- Enhance collaboration
- Exchange between science & other knowledge
- Enhance responsiveness

B. Answering-DecisionMaking-Needs (ADN) – the prototype

- Policy Support, but on concrete needs in a specific context

⇒ in-depth elaboration of the prototype

Added value:

- One entry point
- Updated knowledge
- Appropriate scales&formats
- Using tested methodologies
- Transparency

Further Challenges

- Quality control (incl. framing)
- Data integration and sharing
- Motivation to join the NoK
- Communication
- Competition with existing networks
- All relevant knowledge types on board?
- Link to international activities
- Others?

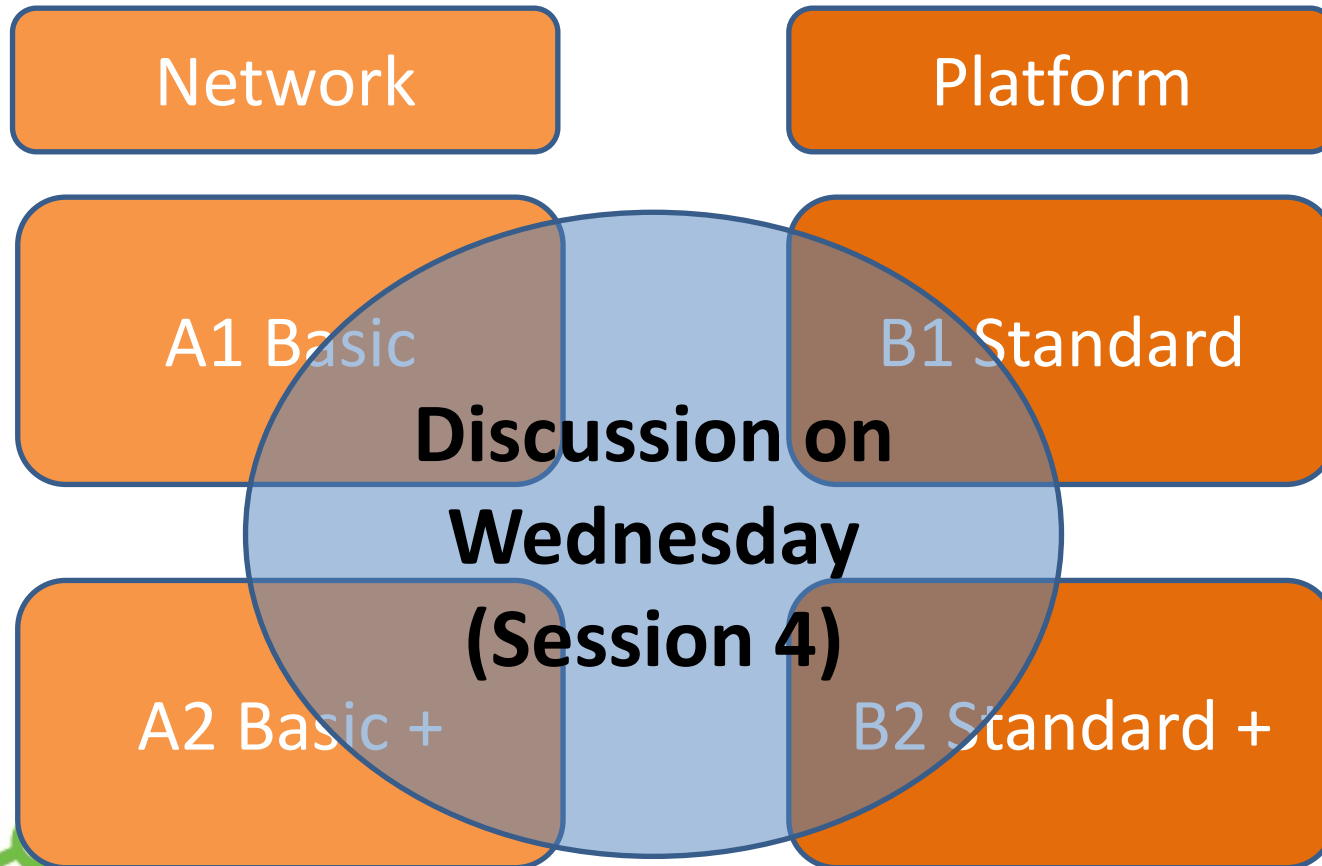

**Further
insights &
discussion on
Wednesday
(Session 3)**

Confidence
to tackle the
challenges
– but
dependent
on the
options

Further Process

- Several options to implement the Nok:

A close-up photograph of several green, spherical flower heads of an umbellifer plant. The heads are composed of numerous small, light-colored flowers. The background is a soft-focus green, showing the stems of the plant. The text "THANK YOU FOR YOUR ATTENTION..." is overlaid diagonally across the center of the image.

THANK YOU FOR YOUR ATTENTION...

2nd BiodiversityKnowledge Conference

*Towards a future Network of Knowledge on biodiversity
and ecosystem services in Europe*

**September, 24-26 2013
Jerusalemkirche, Berlin**

The KNEU Coordination Action is supported by the European Commission under the 7th Framework Programme for Research and Technological Development (Grant No. 265299)
