Nutritional Engineering for adding performance...

- live food diets

Simply the best products in fish hatcheries

- Hatchery/Nursery fish diets

Expert in Nutrition and Health

COMPLETE NUTRITION AND HEALTH CARE

IN SHRIMP FRY PRODUCTION

WITH **FIELD BASED** ZOOTECHNICAL APPLICATION AND SERVICE

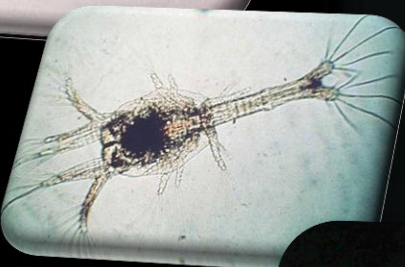

SELCO

HIGH 5

BREED-Srimp

LANSY-Shrimp

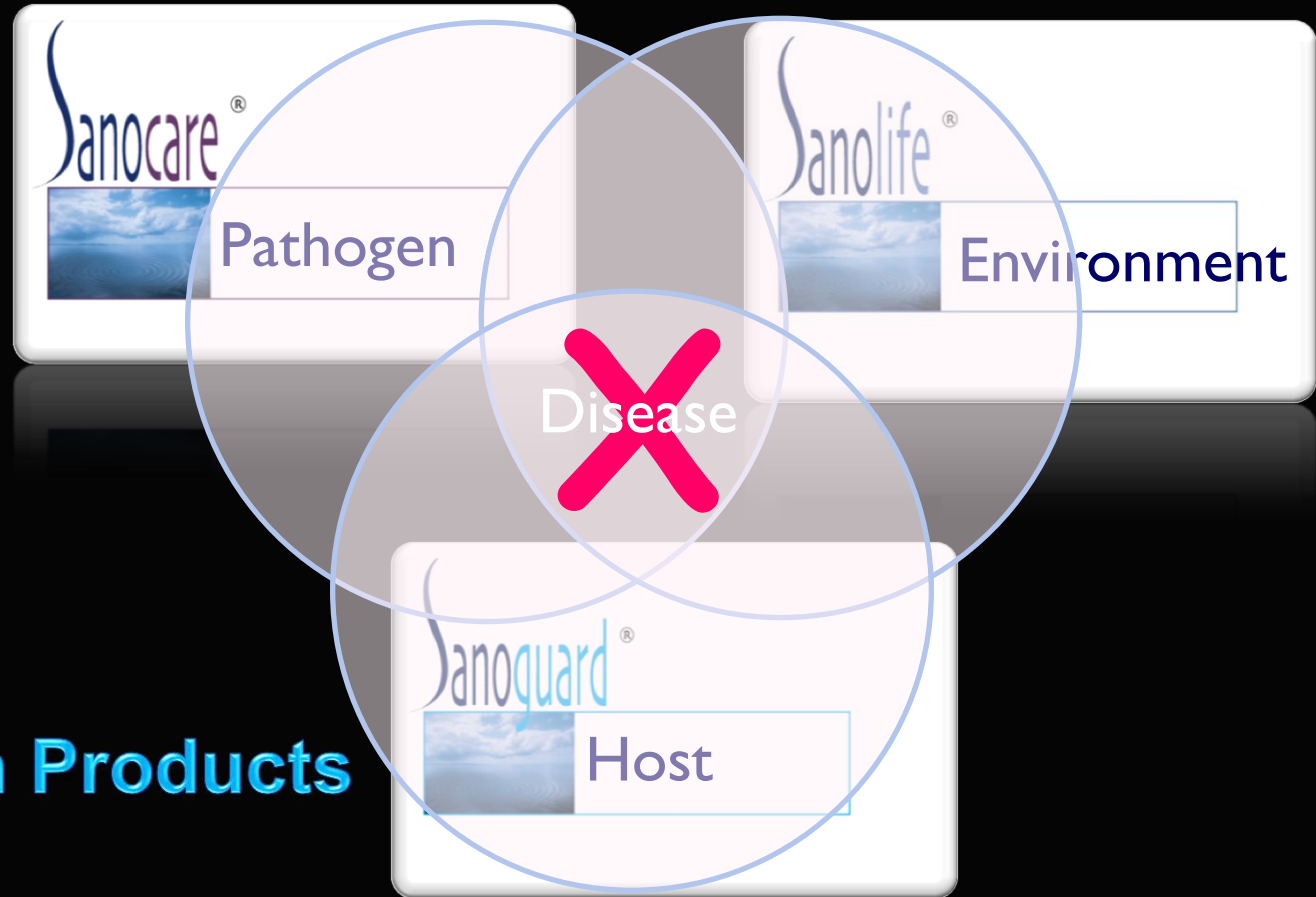

■ Shrimp diets

- Hatchery/nursery shrimp diets

“Health management in aquaculture should be approached seriously, effectively, and preferentially pro-actively!”

(FAO, 2006)

■ Health Products

Mission = providing (cost-) effective solutions for disease prevention

A close-up photograph of laboratory glassware, including test tubes and pipettes, set against a teal and blue background. The lighting is dramatic, highlighting the glass surfaces and the liquid being dispensed.
