

Ecosystem Approach and biodiversity-enhancing initiatives

Kristien Veys

What is ecosystem approach? What is a sustainable blue economy?

ECOSYSTEM APPROACH

Ecosystem Approach White paper

A circular graphic with a green and yellow background showing a landscape with wind turbines. A blue icon of a network of nodes is positioned at the bottom left.

WABESCO

A circular graphic with a grey background showing a coastal landscape with wind turbines. A blue icon of a head with a brain is positioned at the bottom right.

Me SP

A circular graphic with a green background showing a coastal landscape with wind turbines. A blue icon of a globe is positioned at the top right.

SUMES

A circular graphic with a blue and grey background showing a coastal landscape with wind turbines. A blue icon of a head with a lightbulb is positioned at the bottom left.

Blue Bio Clusters Horizon EU

A circular graphic with a yellow and blue background showing a coastal landscape with wind turbines. A blue icon of a megaphone is positioned at the bottom right.

Ecosystem approach

- Biodiversity enhancing measures: collaboration with nature – nature as a partner
- Nature Inclusive Design: from concept to actual implementation
- Collaboration is key: interdisciplinary blue skills

Sven Van Haelst -VLIZ

Thank you!

Let's all join in an ambassadorship for
ecosystem based approach
